Eyewitness to History: World War II Stephen W. Sears, 2015-11-27 the greatest war of all time told as it is best told by the people who lived it The Washington Post All first person accounts of great events have their own fascination but the editors of American Heritage have discovered that people writing about World War II seem to tell their own story with particular passion and eloquence That is one reason American Heritage has published so many of them and why noted military historian Stephen W. Sears has selected the most compelling The result of his search is a uniquely moving and valuable anthology a series of personal histories that marshaled together become an intimate history of the Second World War Here is Edward Beach the highly decorated submarine skipper and author of *Run Silent Run Deep* recalling what it was like to be sent into hostile waters with torpedoes that didn't work Charles Cawthon recounts the landing at Normandy Beach in a restrained and poetic narrative whose quiet humor does nothing to blunt the savagery of the experience General James Gavin tells of the jump into Sicily and of a battle fought that never should have been fought Hughes Rudd watched the war from overhead in a flimsy spotter plane his Maytag Messerschmitt and William Manchester remembers a particularly audacious and hilarious scam that a reckless Marine buddy played on the entire army Some of the stories are heartbreaking some amusing some horrifying but every one of them whether told by the women who hammered fighter planes together or the men who flew them glows with hard won experience

Craig,2017-06-13 A virtually faultless account of the final weeks of World War II in the Pacific and the definitive history of the battle for Stalingrad together in one volume The New York Times Book Review Author William Craig traveled to three different continents reviewed thousands of documents and interviewed hundreds of survivors to write these New York Times bestselling histories bringing the Eastern Front and the Pacific Theater of World War II to vivid life The Fall of Japan masterfully recounts the dramatic events that brought an end to the Pacific War and forced a once mighty nation to surrender unconditionally From the ferocious fighting on Okinawa to the all but impossible mission to drop the second atom bomb and from Franklin D Roosevelt s White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the war was lost Craig draws on Japanese and American perspectives to capture the pivotal events of these climactic weeks with spellbinding authority Enemy at the Gates chronicles the bloodiest battle of the war and the beginning of the end for the Third Reich On August 5 1942 giant pillars of dust rose over the Russian steppe marking the advance of Hitler s 6th Army The Germans were supremely confident in three years they had not suffered a single defeat The siege of Stalingrad lasted five months one week and three days Nearly two million men and women died and the 6th Army was completely destroyed The Soviet victory foreshadowed Nazi Germany s downfall and the rise of a communist superpower Heralded by Cornelius Ryan author of The Longest Day as the best single work on the epic battle of Stalingrad Enemy at the Gates was the inspiration for the 2001 film of the same name starring Joseph Fiennes and Jude Law

Lasc,Andrew McClellan,Änne

Söll,2021-11-01 Revisiting the Past in Museums and at Historic Sites demonstrates that museums and historic spaces are increasingly becoming backdrops for all sorts of appropriations and interventions that throw new light upon the objects they comprise and the pasts they reference Rooted in new scholarship that expands established notions of art installations museums period rooms and historic sites the book brings together contributions from scholars from intersecting disciplines Arguing that we are witnessing a paradigm shift concerning the place of historic spaces and museums in the contemporary

imaginary the volume shows that such institutions are merging traditional scholarly activities tied to historical representation and inquiry with novel modes of display and interpretation drawing them closer to the world of entertainment and interactive consumption Case studies analyze how a range of interventions impact historic spaces and conceptions of the past they generate The book concludes that museums and historic sites are reinventing themselves in order to remain meaningful and to play a role in societies aspiring to be more inclusive and open to historical and cultural debate Revisiting the Past in Museums and at Historic Sites will be of interest to students and faculty who are engaged in the study of museums art history architectural and design history social and cultural history interior design visual culture and material culture *Life Must Go On* Bea Lurie, 2025-06-03 The remarkable story of Sol Lurie a child survivor of six concentration camps during the Holocaust who continues to be a beacon of hope After a bucolic childhood in Kovno Lithuania Sol was just eleven when the Nazis invaded and he and his family were forced to move into the Kovno Ghetto The Kovno Ghetto was one of the only ghettos to later become a concentration camp and Sol was among just a few Jewish survivors from Kovno In this inspiring story of tenacity character faith love and forgiveness we follow young Sol through heartbreak and fear torment and torture Through Sol's eyes we learn the history of the communities in Eastern Europe especially Lithuania which has long been a gap in the wider history of the Holocaust Along the way we meet the righteous few who helped save young Sol's life After being imprisoned in five other concentration camps for a total of four years Sol was liberated from Buchenwald on his fifteenth birthday To this day he still joyfully celebrates every year the day he was born and liberated Despite the horrors of youth Sol never lost his determination to live life to the fullest He embarked on a new life in the United States and would thrive as a husband father grandfather business owner and an inspiration for the thousands who have heard Sol share his incredible story and the lessons he has to share We can all learn from Sol at a time when divisiveness reigns Despite all that he suffered and all that he lost Sol's courage and positive attitude continues to inspire as he actively seeks out and see the good in others He wholeheartedly believes in *bashert* a Yiddish word that means destiny which gave him his mission to educate others to love not to hate *Life Must Go On* is a moving and vital new addition to the history of the Holocaust and the chorus of survivor stories that resonate throughout the generations **World War II and Its Origins** Marty Bloomberg, Hans H. Weber, 1975 Congressional Record United States. Congress, 1978 **History of U.S. Marine Corps Operations in World War II: Isolation of Rabaul** United States. Marine Corps, 1963 **The USS Flier** Michael Sturma, 2008-02-15 The fate of the USS Flier is one of the most astonishing stories of the Second World War On August 13 1944 the submarine struck a mine and sank to the bottom of the Sulu Sea in less than one minute leaving only fourteen of its crew of eighty six hands alive After enduring eighteen hours in the water eight remaining survivors swam to a remote island controlled by the Japanese Deep behind enemy lines and without food or drinking water the crewmen realized that their struggle for survival had just begun On its first war patrol the unlucky Flier made it from Pearl Harbor to Midway where it ran aground on a reef

After extensive repairs and a formal military inquiry the Flier set out once again this time completing a distinguished patrol from Pearl Harbor to Fremantle Western Australia Though the Flier s next mission would be its final one that mission is important for several reasons the story of the Flier s sinking illuminates the nature of World War II underwater warfare and naval protocol and demonstrates the high degree of cooperation that existed among submariners coast watchers and guerrillas in the Philippines The eight sailors who survived the disaster became the first Americans of the Pacific war to escape from a sunken submarine and return safely to the United States Their story of persistence and survival has all the elements of a classic World War II tale sudden disaster physical deprivation a ruthless enemy and a dramatic escape from behind enemy lines In The USS Flier Death and Survival on a World War II Submarine noted historian Michael Sturma vividly recounts a harrowing story of brave men who lived to return to the service of their country
