

A close-up portrait of a woman with blonde hair and blue eyes. Her left eye is shattered, with glass shards radiating from the center. The image has a dark, moody atmosphere with a grid-like pattern overlaid.

Eyewitness Four Decades Of Northern Life:

The Lost Revolution Brian Hanley, Scott Millar, 2009-09-03 The story of contemporary Ireland is inseparable from the story of the official republican movement a story told here for the first time from the clash between Catholic nationalist and socialist republicanism in the 1960s and 70s through the Workers Party's eventual rejection of irredentism A roll call of influential personalities in the fields of politics trade unionism and media many still operating at the highest levels of Irish public life passed through the ranks of this secretive movement which never achieved its objectives but had a lasting influence on the landscape of Irish politics A vibrant balanced narrative Diarmaid Ferriter Irish Times Books of the Year An indispensable handbook Maurice Hayes Irish Times Hugely impressive Irish Mail on Sunday Excellent Sunday Business Post

Uncertain Images: Museums and the Work of Photographs Elizabeth Edwards, Sigrid Lien, 2016-02-17 Almost all museums hold photographs in their collections and museum professionals and their audiences engage with photographs in a myriad of ways Yet despite some three decades of critical museology and photographic theory and an extensive debate on the politics of representation outside art museums almost no critical attention has been given specifically to the roles purposes and lives of these photographs within museums This book brings into focus the ubiquitous yet entirely unconsidered work that photographs are put to in museums The authors argument is that there is an economy of photographs in museums which is integral to the processes of the museum and integral to the understanding of museums The international contributors drawn from curators and academics reflect a range of visual and museological expertise After an introduction setting out the range of questions and problems the first part addresses broad curatorial strategies and ways of thinking about photographs in museums Shifting the emphasis from curatorial practices and anxieties to the space of the gallery this is followed by a series of case studies of exhibitionary practices and the museum strategies that support them The third section focuses on the role of photographs in the museum articulation of difficult histories A final section addresses photograph collections in a digital environment New technologies and new media have transformed the management address and purposing in photographs in museums from cataloguing practices to streaming on social media These growing practices challenge both traditional hierarchies of knowledge in museums and the location of authority about photographs The volume emerges from PhotoCLEC a HERA funded project on museums and the photographic legacy of the colonial past in a postcolonial and multicultural Europe

Snapshot Stories Erika Hanna, 2020-02-06 During the twentieth century men and women across Ireland picked up cameras photographing days out at the beach composing views of Ireland's cities and countryside and recording political events as they witnessed them Indeed while foreign photographers often still focused on the image of Ireland as bucolic rural landscape Irish photographers snapshotter and professional alike were creating and curating photographs which revealed more complex and diverse images of Ireland Snapshot Stories explores these stories Erika Hanna examines a diverse array of photographic sources including family photograph albums studio portraits the work of

photography clubs and community photography initiatives alongside the output of those who took their cameras into the streets to record violence and poverty The volume shows how Irish men and women used photography in order to explore their sense of self and society and examines how we can use these images to fill in the details of Ireland's social history By exploring this rich array of sources Snapshot Stories asks what it means to see to look to gaze to glance in modern Ireland and explores how conflicts regarding vision and visuality have repeatedly been at the centre of Irish life **Eyewitness** Brendan Murphy, Seamus Kelters, 2003 By turns beautiful poignant frightening and funny Eyewitness is a personal pictorial record of Northern Ireland life over nearly forty years Brendan Murphy's photographs of sporting events everyday life politicians riots IRA operations and exercises funerals children and celebrities are accompanied by detailed and candid captions revealing the events people and atmosphere of four decades in the province and the lengths to which Brendan sometimes had to go to get his picture Special Category Ruán O'Donnell, 2015-08-25 This pioneering three part work is the definitive history of Irish Republican prisoners detained in England's maximum security prison dispersal system during the entire period of the Troubles A resurgence of IRA violence in Britain resulted in a steady stream of prisoners that ensured the organisation maintained a significant jail population Based on private correspondence British state archives declassified government documents international media reports and memoirs of key protagonists account is taken of all major riots roof top protests sabotage attacks and escape attempts undertaken by the IRA as well as the little known blanket protest undertaken in several locations in England Special Category Volume 2 tells the full story of the Wormwood Scrubs riot of August 1979 Brixton breakout of December 1980 and the pivotal Albany mutiny of May 1983 told for the first time using fresh eye witness accounts as well as official and public sources The perspectives of the Irish and British governments various judiciaries international legal forums ordinary decent criminals and prisoner solidarity groups are outlined in detail This ground breaking book establishes that the prison war in England was a far more important IRA theatre of action than hitherto realised **Fortnight** ,2004 **The Publishers Weekly** ,1908 **Irish Arts Review** ,2003 **Irish Economic and Social History** ,2004 **Books Ireland** ,2003 **DK Eyewitness Travel Guide: Vienna** DK, 2014-04-01 The DK Eyewitness Vienna Travel Guide will lead you straight to the best attractions Vienna has to offer The guide includes unique cutaways floorplans and reconstructions of the city's stunning architecture plus 3D aerial views of the key districts to explore on foot You'll find detailed listings of the best hotels restaurants bars and shops for all budgets in this fully updated and expanded guide plus insider tips on everything from where to find the best markets and nightspots to great attractions for children The uniquely visual DK Eyewitness Travel Guide also includes in depth coverage of all the unforgettable sights The map has detailed street views of all the key areas plus there are transport maps and information on how to get around the city and there's even a chart showing the distances between major sights for walkers The DK Eyewitness Vienna Travel Guide shows you what others only tell you Now available in PDF format DK Eyewitness Travel Guide Vienna DK

Strained Peace: Northern Ireland from Good Friday to Brexit Amanda Hall,2024-09-30 As the United Kingdom

continues to grapple with the aftermath of Brexit one corner of the Union has remained caught in the crosshairs Northern Ireland has been the subject of renewed scrutiny since 2016 as efforts to leave the European Union come up against the terms of the Good Friday Agreement and threaten the region's hard won peace The reasons for these challenges can be traced back to the Agreement itself as the negotiated settlement and its immediate aftermath set in place a strained peace This book examines the function and dysfunction of peace after 1998 to explain why its endurance cannot be taken for granted Strained peace stands apart from the traditional peace violence binary Structures of conflict and patterns of division are reiterated in the structures of peace Tensions might relax just as they might be inflamed by new challenges but the threat of a return to violence is never fully gone This book explores how such a condition developed between Good Friday and Brexit addressing variations in the quality of peace in the insecurity of official structures at Stormont the shifting role of community groups and the third sector and the adaptation of culture as a culture war replaced physical violence on the streets
