Lean Software Strategies Peter Middleton, James Sutton, 2020-03-06 Lean production which has radically benefited traditional manufacturing can greatly improve the software industry with similar methods and results This transformation is possible because the same overarching principles that apply in other industries work equally well in software development The software industry follows the same industrial concepts of production as those applied in manufacturing however the software industry perceives itself as being fundamentally different and has largely ignored what other industries have gained through the application of lean techniques *Defense Manpower Commission Staff Studies and Supporting Papers: The total force and its manpower requirements including overviews of each service* United States.
