Moorcraft, 2016-11-30 A history and analysis of journalists reporting from the frontlines of war from the mid nineteenth century to the early twenty first century War correspondents are crucial to democracy and the public's discovery of the truth Without the media the temptation to manipulate events with propaganda could be irresistible to politicians of all hues Dying for The Truth examines how journalists have plied their trade from the Crimean War to the present Paul Moorcraft a veteran journalist discusses how correspondents considerable influence has shaped the actions of politicians and military commanders as well as public opinion and reveals how authority figures now view the media as potentially valuable tools Technical developments and the twenty four hour news cycle have inevitably changed the nature of war reporting Today news bureaus are apt to learn of developments before the higher chains of command The author comments on key milestones that have contributed to this evolution Using his own and others experiences in recent conflicts including Korea the Falklands the Balkans Iraq and Afghanistan Moorcraft shares an aspect of warfare that is all too often overlooked but can be crucial to the outcome The public's attitude toward the day to day conduct of war is becoming ever more significant and this fascinating book examines why This is a brilliant history of war reporting from the mid nineteenth century's scribblers and snappers reporters and photographers to today's digital technology and instant communications Military Officer

**Bloody Mary** Phil Carradice, 2018-06-30 The tragic history of Queen Mary I and her brief reign of terror against Protestants in sixteenth century England includes illustrations When Mary Tudor eldest daughter of Henry VIII succeeded to the throne of England in 1553 she enjoyed a degree of popularity rarely seen on the accession of a British monarch Yet at her death only five years later she was so reviled by her people that she was posthumously awarded the sobriquet Bloody Mary The change of public opinion was not without reason During her short reign Mary restored the Catholic faith to England and had over 280

Protestant martyrs burned at the stake Noblemen like the Duke of Northumberland would be queens like Lady Jane Grey churchmen like Thomas Cranmer and bishops Latimer and Ridley all fell victim to Mary's fires or the executioner's axe In Bloody Mary historian Phil Carradice investigates the backstory behind the queen's violent loathing for the religion her father established the unfulfilled potential of her reign and the needless bloodshed that became her tragic legacy *The Journalistic Imagination* Richard Keeble, Sharon Wheeler, 2007-09-14 With an international focus and a broad historical scope this student friendly book focuses on the neglected journalism of writers more famous for their novels or plays and explores the specific functions of journalism within the public sphere and the literary qualities of journalism What Good are the Arts? John Carey, 2006 John Carey one of Britain's most respected literary critics offers a delightfully skeptical look at the nature of art He debunks claims that the arts create better people or that judgements about art are anything more than personal opinion Within Reason Donald Calne, 2010-02-10 It has long been a central conviction of western humanistic thought that reason is the most godlike of human traits and that it makes us unique among animals Yet if reason directs what we do why is human behavior so often violent irrational and disastrous In *Within Reason* leading neurologist Donald B Calne investigates the phenomenon of rationality from an astonishingly wide array of scientific sociological and philosophical perspectives and shows that although reason evolved as a crucial tool for human survival it is an aspect of mind and brain which has no inherent moral or spiritual qualities and one whose relationship to our thoughts and actions may not be as central as we want to believe Learned lucid and always illuminating *Within Reason* brings together the latest developments in the science of mind with some of the most enduring questions of Western thought *Shooting the Messenger* Paul Moorcraft, 2011-10-31 Wars have dominated politics since history began In the modern era most of what the media reports on foreign conflicts comes from a small band of war correspondents As the furore over the Iraq Afghan and now the Libyan wars demonstrates Western governments and militaries often collude to keep their voters in the dark about the causes and the conduct of wars waged in their name In this entertaining and unspun account of modern war reporting the authors ask whether the media itself drives democracies to war Or does it serve to constrain evil ignorant and messianic leaders Are the heirs of William Howard Russell the first modern war reporter watchdogs or lapdogs In the age of Wikileaks and corrupt media empires what is the political impact of war correspondents Are they the heroes or harlots of their profession Write in Style Richard Palmer, 2013-05-13 *Write in Style* is aimed at all for whom clarity and accuracy of expression are important skills All the main styles and grammatical rules are covered their sense explained and vivid examples given of how not to write Plenty of sound and meticulous advice is offered in a friendly and enthusiastic tone and a large part of the book covers specific types of writing from essays and articles to minutes and reportage The many illustrations examples and exercises throughout help the reader put into practice the techniques and skills the book explores Landscapes of Settlement Brian Roberts, 2013-08-21 A comprehensive analysis of the history and development of rural settlement in both the developed and

developing worlds Complete with detailed case studies and fully illustrated this is essential reading for all geographers and archaeologists

*Architectural Aesthetics* Edward Winters, 2023-05-18 The fine arts are traditionally seen to have intrinsic value that is they are valuable in themselves But this poses a problem for architecture its works are designed to serve our purposes and therefore it is classed as functional Carving out a new space Edward Winters argues why architecture is a fine art and finds a place for the fine art of architecture in the cultural environment in which we structure our lives Winters reconciles intrinsic value as a fine art with extrinsic value as shelter security and comfort without collapsing into the modernist conception of Functionalism He draws on the Apollonian and the Dionysian to resolve the apparent conflict between the two values the former requiring contemplative detached reflection the latter an engaged embodied entanglement with the festive mood inspired by the immediate situation Architecture Winters claims is to be regarded as functional but this functionality is subsumed under the intrinsic aesthetic value of living well Introducing the main positions in the philosophy of architecture through the lens of the timeless argument about what constitutes art Winters lays out a humanistic view of the medium and extends our understanding of aesthetics and the everyday

**William Golding** John Carey, 2010-06-01 In 1953 William Golding was a provincial schoolteacher writing books on his breaks lunch hours and holidays His work had been rejected by every major publisher until an editor at Faber and Faber pulled his manuscript off the rejection pile This was to become *Lord of the Flies* a book that would sell in the millions and bring Golding worldwide recognition Golding went on to become one of the most popular and influential British authors to have emerged since World War II He received the Booker Prize for the novel *Rites of Passage* in 1980 and the Nobel Prize for Literature in 1983 Stephen King has stated that the *Castle Rock* in *Lord of the Flies* continues to inspire him so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels *Hearts in Atlantis* and *Cujo* Golding has been called a British Vonnegut disheveled and darkly humorous perverse when it would have been easier to be bitter bitter when it would have been easier to be lazy sometimes more disturbing than he is palatable and above all fascinating beyond measure Yet despite the fame and acclaim the renowned author saw himself as a monster a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life In addition to being a schoolteacher Golding was a scientist a sailor and a poet before becoming a bestselling author and his embitterment and alienation his family the women in his past along with his experiences in the war inform his work This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul tracing the defects of society back to the defects of human nature itself Drawing almost entirely on materials that have never before been made public John Carey sheds new light on Golding Through his exclusive access to Golding's family Carey uses hundreds of letters unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait An acclaimed critic Carey enriches crucially our appreciation of the literary work of Golding bringing us as the best literary

biographies do back to the books And with equal parts lyricism and driving emotion Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things     *Lincoln and Slavery*  
Peter Burchard,1999-06 A biography of the sixteenth president which focuses on the issue of slavery and the importance it had throughout Lincoln s life from his early days as a lawyer through his presidency     **The Citisights Guide to the History of London** Kevin Flude,2001-04-19 Explore the past beneath your feet and see how the London of today has developed in a chain of fascinating events Ten illustrated walks each focusing on a distinct era of London life from Roman times to the present day Each walk has its own historical introduction detailed guide and clear uncluttered maps Central gazetteer gives full information on main sites that span the centuries Each walk is uniquely structured to give continual opportunities to move from one historical period to another at will and build up a picture of London past as you stroll through London present Full of interest to the visitor and Londoner alike
