**Theatre and The Body** Colette Conroy,2009-12-04 What do we mean when we talk about bodies in theatre And how does theatre affect the way we think about the human body Bodies are vital elements of theatre production and spectatorship But the body is not just physical it is also conceptual Drawing on many examples from contemporary performance Theatre the Body is a provocative starting point for understanding the surprisingly complex relationship between theatre and the body Concise and clear this book explores

the revealing tensions between the body bodies language representation and movement in the theatre Foreword by Marina Abramovic *Teaching Through the Ill Body* Marla Morris, 2008-01-01 This book raises questions around pedagogy and illness Morris explores two large issues that run through the text What does the ill body teach What does the teacher do through the ill body The body has something to teach while teaching through the ill body This book is theoretically framed by connections between spirituality and aesthetics As the great spiritual traditions teach our responsibility as teachers is to help others especially those who are marginalized What is lacking in our educational discourse is a discussion of the responsibility we all have to help those who get sick and not marginalize them More specifically pedagogical and curricular questions are fleshed out through working in the area of curriculum studies depth psychology and the medical humanities These three disciplines have something in common autobiography But in the field of curriculum studies autobiographies pathographies of sickness are few and far between This book is meant to fill that gap in the educational literature This pathography is a study that explores the mysteries of suffering storytelling memory and poesis Compassion woundedness vulnerability testimony and authenticity are all issues Morris raises here Teachers scholars depth psychologists and medical educators might be particularly interested in this intensely felt narrative about what it is like for teachers to teach while suffering from chronic illness

**Performance, Masculinity, and Self-Injury** Lucy Weir, 2024-08-20 This book is an ambitious and expansive examination of the visual language of self injury in performance art from the 1960s to the present Inspired by the gendered nature of discussion around self harm the book challenges established readings of risk taking and self injury in global performance practice The interdisciplinary methodology draws from art history and sociology to provide a new critical analysis of the relationship between masculinity and self inflicted injury Based upon interviews with a range of artists around the world it offers an innovative understanding of the diverse meanings behind self injury in performance and delves into the gendered coding of self harming bodies Individual chapters examine the work of Ron Athey G nter Brus Wafaa Bilal Franko B Andr Stitt Pyotr Pavlensky and Yang Zhichao offering a new perspective on the forms and functions of self injury in performance art The book will be of interest to scholars working in art history performance studies gender studies and cultural studies

**Biofictions** Lejla Kucukalic, 2021-09-22 Biofictions introduces three novel concepts biofiction bioimagination and biodiscourse to talk about intersections of literary and visual texts and biotechnology The book proposes a new interdisciplinary area of research that correlates processes of genetics and literature based on two critical approaches One drawing parallels between the genetic codes human language formal binary language and posthuman communication and the role of meaning and imagination in these forms of communication Two by defining biofictions as a critical scientific artistic concept and as a corpus of texts that engage ideas and developments in molecular biology Syncretic connection between biotechnology and literature is especially evident in an open science movement and the literary artistic genre of biopunk discussed across chapters The study includes well known contemporary texts such as David Foster Wallace s Infinite

Jest that are recontextualized as biofiction it offers a rereading of important but neglected novels such as Thomas Disch's *Camp Concentration* 1967 and it analyzes new visual texts such as the TV series *Altered Carbon* and *Ghost in the Shell* films. Based on these wide ranging examples and new critical concepts the book argues that coming up with possible alterations for the genetic code or intended traits for the organism is a discursive practice that brings into being bionarratives that are both organic and literary. **Ugly Productions** A. C. Duncan, 2025-02-24. Amidst a culture otherwise obsessed with beauty the Greek theater provided a unique space for Athenians to play with ugliness to try these anti ideals on for size. Such imaginative play was considered dangerous by some such as Plato who feared its corrupting influence on others including Aristotle saw the theater's provocation and release of emotions as educational and even therapeutic. Sophocles and Euripides fifth century audiences could not help but directly confront the ugliness of their drama but as cultural memory of embodied productions faded an abstracted contrast emerged between beautiful tragedy and ugly comedy a pernicious aesthetic polarization that persists to this day. A. C. Duncan's *Ugly Productions* embraces the materiality of the theater arguing that dramatic aesthetics are best understood within affective frameworks where beauty or ugliness are produced through a dynamic interplay of verbal and visual modalities. Duncan reframes the Greek concept of the ugly not as mere anti beauty but as an affective disposition positively associated with such painful emotions as pity fear grief and abjection. Through studies of the figures of Xerxes Electra Philoctetes Ajax Heracles and other tragic figures *Ugly Productions* offers detailed analyses of the various ways ugliness was produced in performance with each chapter serving as an in depth guide for studying the aesthetics of these works. Duncan confronts the historical neglect of ugliness in critical discourses calling for a revaluation of negative aesthetics and renewed interest in the uglier aspects of these canonical works of theater.

*Fluid Flesh* Barbara Baert, 2009 How do we relate the body we have and the bodies we see to the mind or to the soul Fluid Flesh addresses the relationship between the body religion and the visual arts which is one of both love and tension Are we able and allowed to think of the divine in a corporeal way Isn't artistic expression which originated from both the human mind and body intrinsically a bodily matter Featuring an introduction from James Elkins Fluid Flesh covers an array of topics including the visual as a spiritual medium today iconophilia and iconoclasm in the past and present the human body religion and contemporary lifestyles and premodern and postmodern perspectives on anatomy and the visual arts Several authors address the presentation of the human form in Christian art and ask whether the body may be present in religious art even without figuration The authors highlight the intertwined and powerful roles of both the image and the body within a contemporary culture that has seemingly devalued language in favor of the image and has renewed a sinful conception of the body as in constant need of improvement

**Postopera: Reinventing the Voice-Body** Jelena Novak, 2016-03-09 Both in opera studies and in most operatic works the singing body is often taken for granted In Postopera Reinventing the Voice Body Jelena Novak reintroduces an awareness of the physicality of the singing body to opera studies Arguing that the voice body relationship itself is a producer of meaning she furthermore posits this relationship as one of the major driving forces in recent opera She takes as her focus six contemporary operas La Belle et la Bête Philip Glass Writing to Vermeer Louis Andriessen Peter Greenaway Three Tales Steve Reich Beryl Korot One Michel van der Aa Homeland Laurie Anderson and La Commedia Louis Andriessen Hal Hartley which she terms postoperas These pieces are sites for creative exploration where the boundaries of the opera world are stretched Central to this is the impact of new media a de synchronization between image and sound or a redefinition of body voice gender relationships Novak dissects the

singing body as a set of rules protocols effects and strategies That dissection shows how the singing body acts within the world of opera what interventions it makes and how it constitutes opera s meanings
