

The planet was a labyrinth of alien secrets — but the
answer lay with a man returned from the dead.

This is a real book: serious, fascinating, imaginative.

Complementing Science Fiction The Early Years which surveys science fiction published in book form from its beginnings through 1930 the present volume covers all the science fiction printed in the genre magazines Amazing Astounding and Wonder along with offshoots and minor magazines from 1926 through 1936 This is the first time this historically important literary phenomenon which stands behind the enormous modern development of science fiction has been studied thoroughly and accurately The heart of the book is a series of descriptions of all 1 835 stories published during this period plus bibliographic information Supplementing this are many useful features detailed histories of each of the magazines an issue by issue roster of contents a technical analysis of the art work brief authors biographies poetry and letter indexes a theme and motif index of approximately 30 000 entries and general indexes Science Fiction The Gernsback Years is not only indispensable for reference librarians collectors readers and scholars interested in science fiction it is also of importance to the study of popular culture during the Great Depression in the United States Most of its data which are largely based on rare and almost unobtainable sources are not available elsewhere **The Cumulative Book Index** ,1908 A world list of books in the English language **British Science Fiction** Nicholas Ruddick,1992-05-27 This chronology outlines British science fiction from 1479 1990 highlighting the important biographical and publishing events in the field of science fiction literature and fandom as well as in other media The chronology includes biographical information on more than 700 authors listings of more than 2 000 works including anthologies criticism and essays publishing and fandom milestones first publications and awards The works are fully cross referenced and indexed with introductory definitions of the field and descriptive headnotes for five periods The Descent of Scientific Romance 1478 1894 The Wellsian Synthesis 1895 1936 British Science Fiction 1937 1961 New Wave Speculative Fiction 1962 1978 and The British Fantastic 1979 1990 This book is an outgrowth of and is complementary to Ruddick s critical work Ultimate Island Together the two works define the scope and the nature of British science fiction an enormous field that is not until recently examined separately from American science fiction in spite of considerable differences *Fiction 2000* George Edgar Slusser,T. A. Shippey,1992 Will novels and stories be relevant in the next millennium when the boundaries between illusion and reality and observer and observed may dissipate in a whirl of images signals and data This essay collection divines the prospects of fiction in the information age by examining cyberpunk literature A movement less than a decade old cyberpunk is driven by deep concerns about society ethics and new technology and has been defined as the literature of the first generation of science fiction writers actually to live in a science fiction world These essays were first presented at the 1989 annual J Lloyd Eaton Conference on Science Fiction and Fantasy Literature the field s most prestigious international gathering They address concerns common not only to cyberpunk and traditional science fiction scholars critics and writers but to their counterparts outside the genre as well

Interdisciplinary in perspective the essays consider the origins of cyberpunk the appropriation of its conventions by the mass media the literature's paradoxical retrogressive iconoclastic nature cyberpunk's affinities to and deviations from both traditional science fiction and postmodernist literature the parameters and components of the cyberpunk canon and the movement's future course Some essays are theoretical but all are grounded in works familiar to serious science fiction readers Neuromancer Frontera Deserted Cities of the Heart Islands in the Net Great Sky River the Mirrorshades anthology and others cyberpunk TV and cinema like the Max Headroom programs Blade Runner and Tron and precursory literature including Frankenstein Le Roman de l'avenir Ralph 124C 41 and A Clockwork Orange Useful for its views on a volatile science fiction subgenre Fiction 2000 is also valuable for what it tells us about the fate of mainstream literature

Science-fiction, the Early Years Everett Franklin Bleiler, 1990 In this volume the author describes more than 3000 short stories novels and plays with science fiction elements from earliest times to 1930 He includes imaginary voyages utopias Victorian boys books dime novels pulp magazine stories British scientific romances and mainstream work with science fiction elements Many of these publications are extremely rare surviving in only a handful of copies and most of them have never been described before
