**Ezra Pound and the Troubadour Tradition** Stuart Y. McDougal, 2015-03-08 The world of the troubadours of medieval Provence of Bertran de Born Arnaut de Mareuil and Peire Bremon lo Tort always fascinated Ezra Pound and as Stuart McDougal shows provided both themes and techniques for his early poetry Pound's first translations of Provençal poetry were a way of penetrating an alien sensibility and culture and making it his own they were also important technical exercises Confronted with the problem of finding a suitable form and language for the Provencal experience he condensed deleted expanded the results were highly original works Among Pound's early experiments were the studies of individual Provencal poets each representing one of the qualities of Provençal culture that attracted him Bertran is the man of action and Vidal is an example of the close connection between man and the vital universe Implicit in Pound's treatment of the past is his belief in the contemporaneity of these medieval values This belief remains constant in *The Cantos* although as the work developed it became clear that no single cultural framework could encompass it Nevertheless the medieval world remained the cornerstone of Pound's paradise a brilliantly unified vibrant world against which he could contrast the chaos and sterility of contemporary civilization Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Ezra Pound and the Troubadour Tradition [By] Stuart Y. McDougal** Stuart Y. McDougal, 1972      **A Parnassian in Provence** Stuart Yeatman MacDougal, 1970      **A Parnassian in Provence** Stuart Y. McDougal, 1970      Ezra Pound's Early Verse and Lyric Tradition Robert Stark, 2012-10-15 Traces the lyricism and musicality in Pound's early verse through to his radical Modernist style Robert Stark argues that Pound learned how to write poetry more or less as if it was a foreign tongue or poetic jargon with a unique lexicon grammar and even morphology and that his most innovative poetry is the result of his ambivalent orientation towards different European literary traditions Stark contextualizes Pound's poetic craft by examining his relationship to the Mediaeval and Classical originators of the methods he employs and by considering the practice and criticism of his immediate Victorian and Romantic predecessors He explores the influence of poets such as Francois Villon Guido Cavalcanti Robert Burns Robert Browning Algernon Charles Swinburne and Walt Whitman on Pound's lyrical style For Stark Pound's multi-vocalism arises out of his interest in dialect and the acoustic qualities of speech which leads to a modern barbarous language marked by polysemy and heterogeneity

*Ezra Pound and the Appropriation of Chinese Poetry* Ming Xie, 2021-12-12 First published in 1999 The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century The author explores the concerns as much with

English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century      *The Cambridge Companion to Ezra Pound* Ira B. Nadel, 1999-02-11 An international team of scholars provides an invaluable introduction to Pound's work and life      Medieval and Renaissance Humanism Stephen Gersh, Bert Roest, 2003-01-01 This collection of essays explores in an innovative way the humanist aspects of medieval and post medieval intellectual life and their multifarious appropriation during the early modern and modern period      *Ezra Pound and Europe* Richard A. Taylor, Claus Melchior, 2023-10-16 The papers included were selected from those given at the 14th international Ezra Pound Conference held at Brunnenburg Tirolo di Merano 16-18 July 1991 The guiding principle for organizing the volume was thematic coherence and quality of thought as well as presentation The articles are gathered under five headings General Impressions Traditional Affiliations Contemporary Connections Constructing Continuities and Specific Texts The exhibitions accompanying the conference are represented and Pound's involvement with Europe is reflected in studies of his relationship with traditional authors as well as his contemporaries Larger considerations and analysis is offered in Section Four and Cathay Cantos LXXIII and Drafts and Fragments are given individual attention      **The Great War and the Language of Modernism** Vincent Sherry, 2003-04-10 With the expressions Lost Generation and The Men of 1914 the major authors of modernism designated the overwhelming effect the First World War exerted on their era Literary critics have long employed the same phrases in an attempt to place a radically experimental specifically modernist writing in its formative historical setting What real basis did that Great War provide for the verbal inventiveness of modernist poetry and fiction Does the literature we bring under this heading respond directly to that provocation and if so what historical memories or revelations can be heard to stir in these words Vincent Sherry reopens these long unanswered questions by focusing attention on the public culture of the English war He reads the discourses through which the Liberal party constructed its cause its Great Campaign A breakdown in the established language of liberal modernity the idioms of public reason and civic rationality marked the sizable crisis this event represents in the mainstream traditions of post Reformation Europe If modernist writing characteristically attempts to challenge the standard values of Enlightenment rationalism this study recovers the historical cultural setting of its most substantial and daring opportunity And this moment was the occasion for great artistic innovations in the work of Virginia Woolf T S Eliot and Ezra Pound Combining the records of political journalism and popular intellectual culture with abundant visual illustration Vincent Sherry provides the framework for new interpretations of the major texts of Woolf Eliot and Pound With its relocation of the verbal imagination of modernism in the

context of the English war The Great War and the Language of Modernism restores the historical content and depth of this literature revealing its most daunting import      **The Ezra Pound Encyclopedia** Demetres P. Tryphonopoulos, Stephen J. Adams, 2005-04-30 Ezra Pound forever changed the course of poetry The author of a vast body of literature his enormous range of references and use of multiple languages make him one of the most obscure authors and because of his Fascism anti-Semitism and questionable sanity one of the most controversial This encyclopedia is a concise yet comprehensive guide to his life and writings Included are more than 250 alphabetically arranged entries on such topics as Arabic history Chinese translation dance Hilda Doolittle Egyptian literature Robert Frost and Pound's publications The entries are written by roughly 100 expert contributors and cite works for further reading Ezra Pound forever changed the course of poetry His vast body of poetry and critical works make him one of the 20th century's most prolific writers and his influence has shaped later poets great and small His enormous range of references deliberate obscurity and use of multiple languages make him one of the most difficult authors and because of his Fascism anti-Semitism and questionable sanity one of the most controversial figures in American literary history This encyclopedia is a concise yet comprehensive guide to his life and writings

Understanding Derrida, Understanding Modernism Jean-Michel Rabaté, 2019-05-30 This volume makes a significant contribution to both the study of Derrida and of modernist studies The contributors argue first that deconstruction is not modern neither is it postmodern nor simply modernist They also posit that deconstruction is intimately connected with literature not because deconstruction would be a literary way of doing philosophy but because literature stands out as a modern notion The contributors investigate the nature and depth of Derrida's affinities with writers such as Joyce Kafka Antonin Artaud Georges Bataille Paul Celan Maurice Blanchot Theodor Adorno Samuel Beckett and Walter Benjamin among others With its strong connection between philosophy and literary modernism this highly original volume advances modernist literary study and the relationship of literature and philosophy      *Re-embodiment and Rethinking Greek and Roman Drama in Modern Times*, 2025-01-20 Rooted in a range of approaches to the reception of classical drama the chapters in this book reflect in one way or another that Greek and Roman drama in performance is an ongoing dialogue between the culture's of the original and the target culture of its translation adaptation performance The individual case studies highlight the various ways in which the tradition of Greek and Roman plays in performance has been extremely productive but also the ways in which it has engaged at times dangerously in political and social discourse      A Preface to Ezra Pound Peter Wilson, 2014-09-11 Provides an introduction to the life and works of Ezra Pound a major modernist poet theorist and literary critic Throughout his life Pound was regarded by many to be a contentious and controversial figure and since his death in 1972 theoretical literary political and biographical commentators have done much to perpetuate this view Peter Wilson's survey however presents a balanced view of his life and work allowing the reader to judge for themselves The major sections of the book offer introductions to the complex life and work of Pound outlining the various cultural political and literary

issues which are important to a full understanding of his place in twentieth century English literature Critical commentaries are then given on all of Pound's major poetry adopting some analytical techniques from stylistics Brief biographies of important figures in Pound's career and in the development of literary modernism are provided A gazeteer glossary and suggestions for further reading complete the book     Lyric Poem and Aestheticism Marion Thain, 2016-08-16 This study explores lyric poetry's response to a crisis of relevance in Victorian Modernity offering an analysis of literature usually elided by studies of the modern formation of the genre and uncovering previously unrecognized discourses within it Setting the focal aestheticist poetry c 1860 to 1914 within much broader historical theoretical and aesthetic frames it speaks to those interested in Victorian and modernist literature and culture but also to a burgeoning audience of the new lyric studies The six case studies introduce fresh poetic voices as well as giving innovative analyses of canonical writers such as D G Rossetti Ezra Pound A C Swinburne     *Literary Modernism and Musical Aesthetics* Brad Bucknell, 2001 Bucknell's study investigates how music as a discrete artistic mode of expression and a recurring theme in the work of these four writers reveals the intricate and varied nature of the modernist project Jacket     **Samuel Beckett's Poetry** James Brophy, William Davies, 2022-12-22 The first book length study of Samuel Beckett's complete poetry combining new work from major literature critics and new critical perspectives     Lark in the Morning Robert Kehew, 2005-09-15 Robert Kehew augments his own verse translations with those of Pound Snodgrass to provide a collection that captures both the poetic pyrotechnics of the original verse the astonishing variety of troubadour voices     **Pound's Cantos Declassified** Philip Furia, 1990-12-13 By using his Cantos for storing making new and transmitting historical documents Pound was returning the epic to its ancient function as a tribal archive for the luminous details of history that define a culture's past and shape its future So argues this book which does not overlook the poem's brilliant lyrical passages but for the first time focuses on those vast stretches of Pound's epic composed not of literary touchstones but of that most unpoetic of literary forms historical documents Pound's task as epic poet was complicated by the fact that the documents he wished to renew and transmit to his culture were largely unknown often because in his mind they had been suppressed by a widespread conspiracy throughout the ages which he termed the historical black out His Cantos therefore he believed must be a counter conspiracy to rescue vital documents from that black out renew them and then recirculate them to combat the economic and political forces behind the black out Drawing on recent research by numerous scholars Furia traces the arcane documents Pound unearthed from libraries around the world and shows how he transmuted this documentary mass into poetry first by framing passages of prose to highlight their poetic texture and then by weaving these shards and fragments into a collage of intricate structure Among the documents Furia declassifies are Chinese edicts Italian bank charters British factory commission reports Byzantine guild regulations American Presidential papers municipal records judicial writs parliamentary statutes legislative codes contracts deeds mandates treaties diary entries and correspondence by such diverse figures as Lorenzo de Medici Martin Van Buren Napoleon Eleanor

of Aquitaine Mustapha Kemal and Kubla Khan Pound's Cantos Declassified traces the poet's struggle to shape the content of the epic poem that absorbed most of his creative life      **Pound's Epic Ambition** Stephen Sicari, 1991-09-27 This book is both an introductory overview of The Cantos and a detailed analysis advancing the knowledge of even the most sophisticated specialist Sicari's analysis gives a clear orientation to the often bewildering but ultimately rewarding world of this difficult epic poem and shows that beneath the surface of the poem is the classical figure of the epic wanderer whose journey provides the plot of the poem Non specialists will appreciate Sicari's synthesis of a wide range of material Sicari explores how Dante and the epic tradition informs The Cantos those interested in the epic should find Sicari's study an important contribution to the field Those studying modernism in general will see in Sicari's definition of the modern epic useful ways to study the other great achievements of high modernism especially those of Yeats Eliot and Joyce Those interested in the relation between literature and politics will find this book especially informative for Sicari is one of the few critics on Pound who does not ignore Pound's politics or simply castigate him for the unfortunate views he adopts and advocates The analysis of Pound's fascism is a sub theme that sheds new light on how politics enters a great modernist poem and affects its shape and intention
