Beatles Ticket to read Alessandro Spronelli,2025-03-07 Every Beatles fan would have loved to be at all of their legendary concerts to experience the thrill of a live performance and hear their unforgettable songs in person Unfortunately this dream is impossible for most of us as their performances took place in a time long past and their concerts were so numerous and spread all over the world So I thought to myself why not collect the tickets from those concerts But then I realized that this idea too was a bit unachievable However collecting their pictures those tangible memories seemed possible They allow you to breathe the same air that those who attended once felt And so despite the challenges I embarked on the journey of gathering images that allow us to relive even if only through a book the magic of the Beatles on stage Ogni fan dei Beatles avrebbe voluto essere presente a tutti i loro leggendari concerti per vivere l emozione di una performance dal vivo e sentire le loro indimenticabili canzoni di persona Cos mi sono detto perch non collezionare i biglietti di quei concerti Impossibile Tuttavia raccogliere le loro foto memorie tangibili di quei momenti sembrava possibile E cos nonostante le difficolta ho intrapreso il viaggio di raccogliere immagini che ci permettano di rivivere anche solo attraverso un libro la magia dei Beatles sul palco

Jefferson, The short winter day was waning when the Chelabinsk train seven days out of Moscow sluggishly passed the big stone erected in a defile in the centre of the Ural mountain range and which marked the geographical boundary of Europe and Asia Since yesterday when we had left the level plains of Eastern Europe for the uplands of the Urals the pace had been tantalizingly miserable Some people say that man can get accustomed to anything but it absorbs an enormous amount of patience in getting accustomed to Russian railway travelling the further eastward one goes the slower becomes the pace the longer the stoppages at insignificant stations and the greater the demonstration beating of tin cans blowing of whistles and ringing of bells which accompanies each arrival and departure But now with Europe behind the whole wealth of Asia before one combined with the uncertainty of the unknown and which was backed up by popular prejudice and travellers romantic tales the thinking man has food for reflection and much of it We were rounding curves sharp ones too on a badly ballasted track that caused the heavy Russian cars to oscillate alarmingly notwithstanding the crawl at which we were proceeding The views to be obtained from the carriage windows were superb in spite of the wintry aspect which everything bore It was

January time of deep snow frozen rivers and biting atmosphere everything around except the interior of the car was wintry to the last degree Snow piled up in great drifts on the sharp spurs of the mountain side the branches of the melancholy birches bowing down with the weight of their snowy covering icicles hanging in the crevices of the rocks where in summer splashed a mountain cascade Deep below us in a narrow gorge lay the tortuous course of a fast flowing river but now frozen to its very bed and its surface cut and streaked by the runners of many sledges Now and again we could catch a glimpse of some woodman s hut perched up on the hillside a veritable house of snow and as cold and bleak looking as any one could think to see Hurtling violently around the corner we pass a level crossing where stands a caravan of patient horses waiting to cross with white frost hard on their shaggy coats and icicles from their eyes and nostrils a sheepskin clad moujik with fur hat over eyes and ears and feet encased in huge felt boots complacently puffing at a stunted papiros Here too an old woman comes out to flag the train a woman who looks from the amount of heavy clothing she wears more like an animated beer barrel than a human being and on whose stolid visage is nothing except an expression of tremendous importance at the position she occupies in the service of His Imperial Majesty Czar Nicholas the Second Darkness fell my three companions were asleep The conductor came and inserted in glass boxes at each end of the long car two diminutive candle ends the wicks of which he lighted laboriously He looked at the thermometer to see how far off roasting we were and then after gazing superciliously around left us The heat in the car was fearful beads of perspiration stood out on the faces of my sleeping companions and yet this is only the Russian way of doing things The R aumur glass outside showed thirty six degrees below freezing point inside the heat was sufficient to almost roast one And thus for seven days had we sat and lounged talked and read and stewed gradually with no greater diversion than the rush for the buffet at each station an occasional row with some blustering traveller who would hustle us for places or the periodical breaking down of the locomotive which event occurred about once a day on an average
