From Padua To The Trianon 1918/19:

The Encyclopedia of Diplomacy, 4 Volume Set Gordon Martel, 2018-04-30 The Encyclopedia of Diplomacy is a complete and authoritative 4 volume compendium of the most important events people and terms associated with diplomacy and international relations from ancient times to the present from a global perspective An invaluable resource for anyone interested in diplomacy its history and the relations between states Includes newer areas of scholarship such as the role of non state organizations including the UN and M decins Sans Fronti res and the exercise of soft power as well as issues of globalization and climate change Provides clear concise information on the most important events people and terms associated with diplomacy and international relations in an A Z format All entries are rigorously peer reviewed to ensure the highest quality of scholarship Provides a platform to introduce unfamiliar terms and concepts to students engaging with the literature of the field for the first time *On the Eve of the Great War* Arnold Suppan, Michael Epkenhans, Martin Bayer, Damijan Guštin, 2015-03-02 The book *On the Eve of the Great War* represents various perspectives of Slovenian Austrian and German historians on the happening at the time of the outbreak of World War I The authors studies are based on many years of literature studying and research of archive material These published contributions are providing an insight into various spheres of pre war and mid war events and are regarding few areas of research leading to completely new conclusions They will allow the readers to understand better geopolitical circumstances that led to the outbreak of World War I In the book that was published during the time of many ceremonies marking the 100th anniversary of fatal assassination in Sarajevo and the beginning of World War I the authors emphasize the importance of the research of the fundamental factors that forced global superpowers into the mutual conflict Foreign authors contributions allow us to review historical facts from various standing points of national historiography as they present fundamental viewpoints of the historical development This publication released in English due to all stated factors presents an important piece of work for the research of World War I _____ V knjigi so predstavljena razli na gledanja slovenskih avstrijskih in nem kih zgodovinarjev na dogajanje ob izbruhu prve svetovne vojne tudije avtorjev temeljijo na dolgoletnem preu evanje literature in arhivskega gradiva Objavljeni prispevki dajejo vpogled v razli ne sfere predvojnega in medvojnega dogajanja in na nekaterih podro jih prina ajo povsem nova dognanja Bralcu bodo omogo ila bolj e razumevanje geopoliti nih okoli in ki so pripeljale do izbruha prve svetovne vojne V asu obele ij stote obletnice usodnega atentata v Sarajevu in za etka prve svetovne vojne avtorji poudarjajo pomen raziskovanja temeljnih dejavnikov ki so svetovne velesile potisnili v medsebojni konflikt To jim omogo a presojanje zgodovinskih dejstev iz razli nih zornih kotov nacionalnih zgodovino pisji *Postwar Continuity and New Challenges in Central Europe, 1918-1923* Tomasz Pudłocki, Kamil Ruszała, 2021-09-30 This book presents a multi layered analysis of the situation in Central Europe after the collapse of the Austro Hungarian Empire The new geopolitics emerging from the Versailles order and at the same time ongoing fights for borders considerable war damage social and economic

problems and replacement of administrative staff as well as leaders all contributed to the fact that unlike Western Europe Central Europe faced challenges and dilemmas on an unprecedented scale The editors of this book have invited authors from over a dozen academic institutions to answer the question of to what extent the solutions applied in the Habsburg Monarchy were still practiced in the newly created nation states and to what extent these new political organisms went their own ways It offers a closer look at Central Europe with its multiple problems typical of that region after 1918 organizing the post imperial space a new political discourse and attempts to create new national memories the role of national minorities solving social problems and verbal and physical violence expressed in public space Particular chapters concern post 1918 Central Europe on the local state and international levels providing a comprehensive view of this sub region between 1918 and 1923

Armistice 1918 Bullitt Lowry,2000-08-06 The five armistices arranged in the fall of 1918 determined the course of diplomatic events for many years The armistice with Germany the most important of the five was really a peace treaty in miniature Bullitt Lowry basing his account on a close study of newly available archives in Great Britain France and the United States offers a detailed examination of the process by which what might have been only simple orders to cease fire instead became extensive diplomatic and military instructions to armies and governments He also assesses the work of the leading figures in the process as well as supporting casts of generals admirals and diplomatic advisors *Sovereignty at the Paris Peace Conference of 1919* Leonard V. Smith,2018-03-02 We have known for many decades that the Paris Peace Conference of 1919 failed in the sense that it did not prevent the outbreak of World War II This book investigates not whether the Paris Peace Conference succeeded or failed but the historically specific international system it created It explores the rules under which that system operated and the kinds of states and empires that inhabited it Deepening the dialogue between history and international relations theory makes it possible to think about sovereignty at the Paris Peace Conference in new ways Sovereignty in 1919 was about not just determining of answers demarcating the international system but also the questions Sovereignty in 1919 was about remaking the world Most histories of the Paris Peace Conference stop with the signing of the Treaty of Versailles with Germany on 28 June 1919 Sovereignty at the Paris Peace Conference of 1919 considers all five treaties produced by the conference as well as the Treaty of Lausanne with Turkey in 1923 It is organized not chronologically or geographically but according to specific problems of sovereignty A peace based on justice produced a criminalized Great Power in Germany and a template problematically applied in the other treaties The conference sought to unmix lands and peoples in the defeated multinational empires by drawing boundaries and defining ethnicities The conference sought not so much to oppose revolution as to instrumentalize it in the new international system The League of Nations so often taken as the supreme symbol of the failure of the conference is better considered as a continuation of the laboratory of sovereignty established in Paris The Lights that Failed Zara S. Steiner,Zara Steiner,2007 In *The Lights that Failed* Steiner challenges the assumption that the Treaty of Versailles led to the opening of a

second European war and provides an analysis of the attempts to reconstruct Europe during the 1920s OCLC *The Politics of Retribution in Europe* István Deák, Jan T. Gross, Tony Judt, 2009-11-06 The presentation of Europe's immediate historical past has quite dramatically changed Conventional depictions of occupation and collaboration in World War II of wartime resistance and post war renewal provided the familiar backdrop against which the chronicle of post war Europe has mostly been told Within these often ritualistic presentations it was possible to conceal the fact that not only were the majority of people in Hitler's Europe not resistance fighters but millions actively co-operated with and many millions more rather easily accommodated to Nazi rule Moreover after the war those who judged former collaborators were sometimes themselves former collaborators Many people became innocent victims of retribution while others among them notorious war criminals escaped punishment Nonetheless the process of retribution was not useless but rather a historically unique effort to purify the continent of the many sins Europeans had committed This book sheds light on the collective amnesia that overtook European governments and peoples regarding their own responsibility for war crimes and crimes against humanity an amnesia that has only recently begun to dissipate as a result of often painful searching across the continent In inspiring essays a group of internationally renowned scholars unravels the moral and political choices facing European governments in the war's aftermath how to punish the guilty how to decide who was guilty of what how to convert often unspeakable and conflicted war experiences and memories into serviceable even uplifting accounts of national history In short these scholars explore how the drama of the immediate past was and was not successfully overcome Through their comparative and transnational emphasis they also illuminate the division between eastern and western Europe locating its origins both in the war and in post war domestic and international affairs Here as in their discussion of collaborators trials the authors lay bare the roots of the many unresolved and painful memories clouding present day Europe Contributors are Brad Abrams Martin Conway Sarah Farmer Luc Huyse László Karsai Mark Mazower and Peter Romijn as well as the editors Taken separately their essays are significant contributions to the contemporary history of several European countries Taken together they represent an original and pathbreaking account of a formative moment in the shaping of Europe at the dawn of a new millennium

Social Transformations and Revolutions Johann P. Arnason, 2016-07-10 Prompted by the 25th anniversary of the Soviet collapse this volume reflects on revolutions and transformations around the collapse of the Soviet Bloc the political transformations after 9/11 the important changes following the global economic crisis and the revolutionary transformations of India and China The authors stress that the United States military actions after the 9/11 terrorist attacks have had a major transformative impact on the global arena More recently the economic crisis that began in 2007/8 caused a series of breakdowns and provoked demands for social and political transformation so far unfulfilled The repercussions of the Arab Spring and transformations linked to the rise of BRICS are altering the patterns of international and global relations All these processes have unfolded within the framework of global capitalism whose reproduction on an expanding scale involved

multiple economic political ecological and civilizational transformations *Historical Knowledge Production Cultures in Late Socialist Hungary and Croatia* Réka Krizmanics, 2024-01-08 *Historical Knowledge Production Cultures in Late Socialist Hungary and Croatia* Expertise Unsettled offers a comparative study and analysis from the Hungarian case and integrating academic party and popular historiography into a single analytical framework Narratives concerning the history of the interwar period and the Second World War and circumstances of their elaboration are at the forefront of this study R ka Krizmanics argues that even within state socialist Eastern Europe different enabling and restrictive factors were at play and investigates the specificities of late socialism while embedding them in the context of their interwar Stalinist and post Stalinist legacies Expertise Unsettled refers to the growing peril of historians who proved to be often divided among themselves and were increasingly on the defense as a guild when literature cinema and interested non professionals got involved in making and criticizing narratives of the recent past Party history and party historians have been often sidelined in intellectual history but the author argues that their inclusion is crucial both for a more complex understanding of what late state socialism meant for historians and to historicize practices of contemporary post socialist especially illiberal memory regimes **Researching World War I** Robin Higham, Dennis Showalter, 2003-12-30 World War I was the greatest cataclysm Europe had ever known directly involving 61 million troops from 16 nations Yet the history of the war and the reasons it started and spread so rapidly were vastly more complex than the players realized Written by highly respected authorities this book discusses the literature on all aspects of the war making it an excellent starting point for anyone seeking guidance to the immense and often daunting body of World War I literature The struggle mobilized manpower from home troops from the colonies abroad and in most countries women as well as men Governments increasingly intervened in everyday life New weapons and organizational structures were developed Yet the history of the war and the reasons it started and spread so rapidly were vastly more complex than the players realized Written by highly respected authorities this book discusses the literature on all aspects of the war Dennis Showalter s opening chapter covers the controversial issue of the war s origins a complex subject that has been much debated by historians Ensuing chapters consider the literature on each of the participating countries The broader subjects of the war at sea and the war in the air are also covered Daniel Beaver s final chapter discusses the mobilization of industry and the new military technology This book is an excellent starting point for anyone seeking guidance to the immense and often daunting body of World War I literature **The Illusion of Peace** Sally Marks, 2017-03-14 Sally Marks provides a compelling analysis of European diplomacy between the First World War and Hitler s advent She explores in clear and lively prose the reasons why successive efforts failed to create a lasting peace in the interwar era Building on the theories of the first edition many of which have become widely accepted since its publication in 1976 Marks reassesses Europe s leaders of the period and the policies of the powers between 1918 and 1933 and beyond Strongly interpretative and archivally based *The Illusion of Peace* examines the emotional ethnic and

economic factors responsible for international instability as well as the distortion of the balance of power the abnormal position of the Soviet Union the weakness of France and the uncertainty of her relationship with Britain and the inadequacy of the League of Nations In so doing the study clarifies the complex topics of reparations and war debts and challenges traditional assumptions concluding that widespread western devotion to disarmament and dedication to peace were two of several reasons why democratic statesmen could not respond decisively to Hitler's threat In this new edition Marks also argues that the Allied failure to bring defeat home to the German people in 1918-19 generated a resentment which contributed to interwar instability and Hitler's rise This highly successful study has been thoroughly revised and updated to reflect the latest scholarship Now in its second edition it remains the essential introduction to the tense political and diplomatic situation in Europe during the interwar years

Nationalism and Territory George W. White, 2000 Why do nations come into conflict What factors lead to the horrors of ethnic cleansing This timely book offers clear-eyed answers to these questions by exploring how national identity is shaped by place focusing especially on Serbia Hungary and Romania Moving beyond studies of nationalism that consider only the economic and geostrategic value of territory George W. White shows that the very core of national identity is intimately bound to specific places Indeed nations define themselves in terms of spaces that have historical linguistic and religious meaning as Serbs have clearly demonstrated in Kosovo These territories are concrete expressions of a nation's identity both past and present With his detailed analysis of the places that define national identity in Southeastern Europe White convincingly shows why territorial disputes so often escalate into war

War, Peace and Nation-building : (1853-1918) : collection of papers Aleksandar Rastović, Andrea Carteny, Biljana Vučetić, 2020-12-03 The thematic collection of papers WAR PEACE AND NATION BUILDING 1853-1918 aims to explore the processes unfolding during peacetime wartime and conclusion of agreements when individuals nations and empires were forming their identities The intention is to present through a scientific perspective the social political diplomatic and cultural changes in European societies from the start of the Crimean War until the Versailles Peace Conference which marked the end of the First World War

NHQ; the New Hungarian Quarterly, 1992 Britain and Danubian Europe in the Era of World War II, 1933-1941 Andras Becker, 2021-03-24 This book is a study of British official attitudes towards the Danubian countries Hungary Czechoslovakia Romania and Yugoslavia from Hitler's rise to power in 1933 to the year 1941 a period that marked serious but fruitless British political and economic efforts to unite this unruly part of Europe against Nazi ascendancy Set against an international backdrop of regional revanchist revisionist and irredentist tendencies particularly in Hungary and Bulgaria the book explores how these movements affected international relations in the region as they aimed to overturn the territorial order set down in Versailles following the Great War to restore the status quo of a more glorious national past Offering fresh insights into the British East Central and South East European relationship the book charts the shifts in British official policy towards Danubian Europe amidst competing regional nationalisms and the sudden and abrupt shifts in British

global priorities during the early part of World War II *War in the Balkans* Richard C. Hall, 2014-10-09 This authoritative reference follows the history of conflicts in the Balkan Peninsula from the 19th century through the present day The Balkan Peninsula which consists of Albania Bulgaria Romania Moldova and the former Yugoslavia resides in the southeastern part of the European continent Its strategic location as well as its long and bloody history of conflict have helped to define the Balkans role in global affairs This singular reference focuses on the events individuals organizations and ideas that have made this region an international player and shaped warfare there for hundreds of years Historian and author Richard C Hall traces the sociopolitical history of the area starting with the early internal conflicts as the Balkan states attempted to break away from the Ottoman Empire to the assassination of Archduke Franz Ferdinand that ignited World War I to the Yugoslav Wars that erupted in the 1990s and the subsequent war crimes still being investigated today Additional coverage focuses on how these countries continue to play an important role in global affairs and international politics **A Dictionary of 20th-Century Communism** Silvio Pons, Robert Service, 2022-04-12 An encyclopedic guide to 20th century communism around the world The first book of its kind to appear since the end of the Cold War this indispensable reference provides encyclopedic coverage of communism and its impact throughout the world in the 20th century With the opening of archives in former communist states scholars have found new material that has expanded and sometimes altered the understanding of communism as an ideological and political force A Dictionary of 20th Century Communism brings this scholarship to students teachers and scholars in related fields In more than 400 concise entries the book explains what communism was the forms it took and the enormous role it played in world history from the Russian Revolution through the collapse of the Soviet Union and beyond Examines the political intellectual and social influences of communism around the globe Features contributions from an international team of 160 scholars Includes more than 400 entries on major topics such as Figures Lenin Mao Stalin Ho Chi Minh Pol Pot Castro Gorbachev Events Cold War Prague Spring Cultural Revolution Sandinista Revolution Ideas and concepts Marxism Leninism cult of personality labor Organizations and movements KGB Comintern Gulag Khmer Rouge Related topics totalitarianism nationalism antifascism anticommunism McCarthyism Guides readers to further research through bibliographies cross references and an index **The Hungarian Parliament, 1867-1918** András Gerő, 1997 The Hungarian Parliament 1867 1918 A Mirage of Power analyses parliamentary representation in Hungary under the Austro-Hungarian Monarchy It offers an insight into the workings of a specifically Central European form of liberalism by describing the legal social national and cultural aspects of the representation mechanism and depicting the atmosphere in which a legitimization process characterised by both conservative and liberal elements gradually unfolded This book attempts to discover why the first modern attempt to establish a constitutional state in Central Europe was so unsuccessful while nevertheless creating a solid and liberal framework for pre-Trianon multinational Hungary and the region as a whole for over half a century **Borders on the Move** Leslie Waters, 2020 An examination of territorial changes between Czechoslovakia

and Hungary and their effects on the local populations of the borderlands in the World War II era **From Bela Kun to Janos Kadar** Miklos Molnar, 1990 An in depth analysis of the changes in the Hungarian Communist Party the difficulties it experienced during the early stages its development and internal structure as well as its relationship with Moscow and the Komintern It also treats of the well known personalities of the party including Bela Kun Georg Lucacs Matyas Rakosi Laszlo Rajk Imre Nagy and Janos Kadar The translation also features a specially written preface which up dates events to 1989 including the death of Janos Kadar and the effects of glasnost
