From Shakespeare To Existentialism:

From Shakespeare to Existentialism Walter A. Kaufmann, 2020-07-21 A classic book by one of the twentieth century s most innovative and adventurous thinkers First published in 1959 From Shakespeare to Existentialism offers Walter Kaufmann's critical interpretations of some of the greatest minds in Western philosophy religion and literature Few scholars can match Kaufmann's range of interests from intellectual history and comparative religion to psychology art and architecture In this illuminating and wide ranging book he traces the evolving Aristotelian ideal of the great souled individual showing how it was forgotten by medieval Christendom but recovered by Shakespeare and apotheosized by Nietzsche An invaluable companion to his Critique of Religion and Philosophy this volume presents Kaufmann at his most trailblazing charting new directions in Western thought while providing bold perspectives on figures such as Goethe Hegel Rilke and From Shakespeare to Existentialism Walter A. Kaufmann, 1960 From Shakespeare to Existentialism Walter Freud Kaufmann, 1960 In these studies of the relationships between poetry religion and philosophy and of the background and development of existentialism Walter Kaufmann has produced a book which is challenging and important on many different From Shakespeare to Existentialism Walter KAUFMANN, 1980 From Shakespeare to Existentialism: an Original Study Essays on Shakespeare and Goethe; Hegel and Kierkegaard; Nietzsche, Rilke, and Freud; Jaspers, Heidegger, and Toynbee Walter Kaufmann, 1980 Existentialism From Dostoevsky To Sartre Walter Kaufmann, 2016-03-28 What is Existentialism It is perhaps the most misunderstood of modern philosophic positions misunderstood by reason of its broad popularity and general unfamiliarity with its origins representatives and principles Existential thinking does not originate with Jean Paul Sartre It has prior religious literary and philosophic origins In its narrowest formulation it is a metaphysical doctrine arguing as it does that any definition of man's essence must follow not precede an estimation of his existence In Heidegger it affords a view of Being in its totality in Kierkegaard an approach to that inwardness indispensable to authentic religious experience for Dostoevsky Kafka and Rilke the existential situation bears the stamp of modern man's alienation uprootedness and absurdity to Sartre it has vast ethical and political implications Walter Kaufmann author of Nietzsche is eminently qualified to present and interpret the insights of existentialism as they occur and are deepened by the major thinkers who express them In every case complete selections or entire works have been employed The Wall Existentialism and the complete chapter on Self Deception from L tre et le N ant by Sartre two lectures from Jaspers book Reason and Existenz original translations of On My Philosophy by Jaspers and The Way Back into the Ground of Metaphysics by Heidegger There is as well material from Dostoevsky Kierkegaard Nietzsche Rilke and Camus From Shakespeare to Existentialism Walter Kaufmann, 1959 From Shakespeare to Existentialism Walter Kaufmann, 1971 From Shakespeare to Existentialism Walter Arnold Kaufmann, 1960 Walter Kaufmann Stanley Corngold, 2018-12-11 The first complete account of the ideas and writings of a major figure in twentieth century intellectual life Walter Kaufmann 1921

1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche s reputation after World War II and was enormously influential in introducing postwar American readers to existentialism Until now no book has examined his intellectual legacy Stanley Corngold provides the first in depth study of Kaufmann's thought covering all his major works He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy the effects of religion the persistence of tragedy and the crisis of the humanities in an age of technology Few scholars in modern times can match Kaufmann's range of interests from philosophy and literature to intellectual history and comparative religion from psychology and photography to art and architecture Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century s most engaging yet neglected thinkers It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar s incomparable libido sciendi or lust for knowledge Existentialism from Dostoevsky to Sartre Walter Kaufmann, 1975-03-01 One of the foremost resources on existentialism from renowned philosopher poet and Nietzsche translator Walter Kaufmann a must read for philosophers both armchair and professional Existentialism from Dostoevsky to Sartre provides basic writings of Dostoevsky Kierkegaard Nietzsche Rilke Kafka Ortega Jaspers Heidegger Sartre and Camus including some not previously translated along with an invaluable introductory essay by Walter Kaufmann Volume 11, Tome III: Kierkegaard's Influence on Philosophy Jon Stewart, 2016-12-05 Kierkegaard's relation to the field of philosophy is a particularly complex and disputed one He rejected the model of philosophical inquiry that was mainstream in his day and was careful to have his pseudonymous authors repeatedly disassociate themselves from philosophy But although it seems clear that Kierkegaard never regarded himself as a philosopher there can be no doubt that his writings contain philosophical ideas and insights and have been profoundly influential in a number of different philosophical traditions. The present volume attempts to document these different traditions of the philosophical reception of Kierkegaard's thought Tome III traces Kierkegaard's influence on Anglophone philosophy It has long been thought that Kierkegaard played no role in this tradition which for years was dominated by analytic philosophy In this environment it was common to dismiss Kierkegaard along with the then current European philosophers who were influenced by him However a closer look reveals that in fact there were several thinkers in the US Canada and Great Britain who were inspired by Kierkegaard even during the heyday of analytic philosophy Today it can be said that Kierkegaard has made some serious inroads into mainstream Anglophone philosophy with many authors seeking inspiration in his works for current discussions concerning ethics personal identity philosophy of religion and philosophical anthropology Existentialism from Dostoevsky to Sartre Walter Kaufmann, 1975 The Owl and the
