From Silence To Voice What Nurses Know And Must Communicate To The Public

Finkelman

From Silence To Voice What Nurses Know And Must Communicate To The Public:

From Silence to Voice Bernice Buresh, Suzanne Gordon, 2006 To get the resources and respect they need nurses have long had to be advocates for themselves and their profession not just for their patients For a decade From Silence to Voice has provided nurses with the tools they need to explain the breath and complexity of nursing work Bernice Buresh and Suzanne Gordon have helped nurses around the world speak up and convey to the public that nursing is more than dedication and caring it demands specialized knowledge expertise across a range of medical technologies and decision making about life and death issues Nurses and nursing organizations they write must go out and tell the public what nurses really do so that patients can actually get the benefit of their expert care Amazon com From Silence to Voice Bernice Buresh, Suzanne Gordon, 2013-05-15 For more than a decade From Silence to Voice has been providing nurses with communication tools they can use to win the resources and respect they deserve Now in a timely third edition authors Bernice Buresh and Suzanne Gordon focus on how nurses can describe and frame their work to seize unprecedented opportunities to advance their profession and lead improvements in health care systems The authors both journalists argue that because nursing needs the support and cooperation of others to fulfill its potential it is critical that nurses communicate the full scope of nursing practice Nurses must go beyond describing nursing in terms of dedication and caring and articulate nurses specialized knowledge and expertise From Silence to Voice helps nurses explain their contributions to patient safety satisfaction and outcomes It shows how nurses can communicate with various publics about important aspects of their work such as how they master and employ complex medical technologies and regimens and how they use their clinical judgment in life and death situations Nurses and nursing organizations the authors write must go out and tell the public what nurses really do so that patients can actually get the benefit of their expert care This comprehensively revised and updated third edition helps nurses use a range of traditional and social media to accurately describe the true nature of their work Its analyses of images that are projected by nursing campaigns and its detailed guidance in helping nurses construct positive and powerful narratives of their work make From Silence to Voice a must read in nursing schools and organizations and by individual nurses in all areas of the profession Because nurses are busy many of the communication techniques in this book are designed to integrate naturally into nurses everyday lives and to complement nurses work with patients and families

From Silence to Voice Bernice Buresh, Suzanne Gordon, 2000-08 As nurses face the ongoing challenges of an increasing need for their services combined with economic pressures members of the largest profession in health care must become more visible vocal and influential The first communication guidebook designed expressly for nurses From Silence to Voice helps nurses understand and overcome the self silencing that often leads RNs to downplay their own expertise and their contributions to the care of the sick and the health of the public Bernice Buresh and Suzanne Gordon teach nurses nurse educators and nurse researchers critical skills they can use to explain their work to other health care professionals

journalists policymakers and political representatives From Silence to Voice features stories about nurses who ensure that patients receive appropriate timely and even life saving care nurses who make all the difference while crises are underway but whose contributions are neglected in medical charts and thank you notes nurses who are left out altogether or obscured by the generic nurse However the book also provides detailed accounts of nurses who do make their voices heard who do make their concerns public and it shows how those successes can be duplicated Buresh and Gordon draw on real world examples that will help nurses to gain respect for themselves as professionals communicate well with both patients and health care colleagues understand how the news media work collaborate with public relations professionals write effective letters to the editor and publish op ed pieces appear on television and radio and promote research on nursing

Contexts of Nursing John Daly, Sandra Speedy, Debra Jackson, 2009-09-23 Contexts of Nursing 3e builds on the strengths of previous editions and continues to provide nursing students with comprehensive coverage of core ideas and perspectives underpinning the practice of nursing The new edition has been thoroughly revised and updated New material on Cultural Awareness and Contemporary Approaches in Nursing has been introduced to reflect the realities of practice Nursing themes are discussed from an Australian and New Zealand perspective and are supported by illustrated examples and evidence Each chapter focuses on an area of study within the undergraduate nursing program and the new edition continues its discussions on history culture ethics law technology and professional issues within the field of nursing update and revised with strong contributions from a wide range of experienced educators from around Australia New Zealand new Chapter 17 Becoming a Nurse Leader has been introduced into the third edition to highlight the ongoing need of management in practice Chapter 20 Cultural Awareness Nurses working with indigenous people is a new chapter which explores cultural awareness safety and competence Chapter 22 Using informatics to expand awareness engages the reader on the benefits of using technology evidence based approach is integrated throughout the text learning objectives key words and reflective questions are included in all chapters

Concepts and Cases in Nursing Ethics - Third Edition Michael Yeo, Anne Moorhouse, Pamela Kahn, Patricia Rodney, 2010-09-08 Concepts and Cases in Nursing Ethics is a case based exploration of the core principles of health care ethics applied to nursing The book is a collaboration between philosopher ethicist Michael Yeo and nurse ethicist and educators Anne Moorhouse Pamela Khan and Patricia Rodney It thus combines philosophical and ethical analysis with extensive knowledge and experience in nursing and health care The book is organized around six main concepts in health care ethics beneficence autonomy truthfulness confidentiality justice and integrity A chapter is devoted to the elucidation of each of these concepts In each chapter historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in health care and nursing practice In this new edition the conceptual analysis throughout has been updated and reworked in view of changes in the health care system In addition there is a new chapter specifically devoted to recent developments affecting nursing and other health professions Previous case studies have been modified and new ones added to address current and emerging issues Although the text focuses mainly on the social and political situation of nursing the analysis has relevance also for medicine and the allied health professions and indeed for anyone working in the health system **The Door of Last Resort** Frances Ward, 2013-03-14 Having spent decades in urban clinical practice while working simultaneously as an academic administrator teacher and writer Frances Ward is especially well equipped to analyze the American health care

system In this memoir she explores the practice of nurse practitioners through her experiences in Newark and Camden New Jersey and in north Philadelphia Ward views nurse practitioners as important providers of primary health care including the prevention of and attention to the root causes of ill health in independent practice and as equal members of professional teams of physicians registered nurses and other health care personnel She describes the education of nurse practitioners their scope of practice their abilities to prescribe medications and diagnostic tests and their overall management of patients acute and chronic illnesses Also explored are the battles that nurse practitioners have waged to win the right to practice battles with physicians health insurance companies and even other nurses The Door of Last Resort though informed by Ward's experiences is not a traditional memoir Rather it explores issues in primary health care delivery to poor urban populations from the perspective of nurse practitioners and is intended to be their voice In doing so it investigates the factors affecting health care delivery in the United States that have remained obscure throughout the current national debate **The**

Encyclopedia of Strikes in American History Aaron Brenner, Benjamin Day, Immanuel Ness, 2015-01-28 Strikes have been part of American labor relations from colonial days to the present reflecting the widespread class conflict that has run throughout the nation's history Against employers and their goons against the police the National Guard local state and national officials against racist vigilantes against their union leaders and against each other American workers have walked off the job for higher wages better benefits bargaining rights legislation job control and just plain dignity At times their actions have motivated groundbreaking legislation defining new rights for all citizens at other times they have led to loss of workers' lives This comprehensive encyclopedia is the first detailed collection of historical research on strikes in America To provide the analytical tools for understanding strikes the volume includes two types of essays those focused on an industry or economic sector and those focused on a theme Each industry essay introduces a group of workers and their employers and places them in their economic political and community contexts The essay then describes the industry's various strikes including the main issues involved and outcomes achieved and assesses the impact of the strikes on the industry over time Thematic essays address questions that can only be answered by looking at a variety of strikes across industries groups of workers and time such as why the number of strikes has declined since the 1970s or why there was a strike wave in 1946 The contributors include historians sociologists anthropologists and philosophers as well as current and past activists from unions and other social movement organizations Photos a Topic Finder a bibliography and name and subject indexes add to the work's appeal The Clinical Placement Tracy Levett-Jones, Kerry Reid-Searl, 2010-11-15 A unique fundamental resource for nursing students in a clinical environment The Clinical Placement 2nd Edition An essential guide for nursing students is an interactive textbook designed to guide nursing students through their clinical placement journey The first edition of this nursing reference proved extremely valuable in helping nursing students use their clinical placements as opportunities to develop the skills knowledge attitude and understanding that underpin quality practice The Clinical Placement 2nd Edition is

fully revised with a fresh new appeal It builds upon the success of the first edition while incorporating a wealth of new topical content written in easy to understand language Designed to challenge and inspire students The Clinical Placement 2nd Edition An essential guide for nursing students introduces foundational knowledge in early chapters before addressing more complex issues This indispensable nursing resource will motivate students to think deeply and critically about important professional and clinical issues stories and scenarios to help students relate theory to the reality of practice something to think about boxes offering valuable advice student experience sections reflective thinking activities to encourage self assessment and experiential learning Incorporates recent changes to Clinical practice with regard to risk management improved communication and hand over techniques Increased focus on NZ including discussion on the Primary Health Care model in New Zealand New focus on Aboriginal and Torres Strait Islander health Discusses issues related to rural placement and community health Revised in accordance with the ANMC updated National Competency standards for national registration

From Silence To Voice What Nurses Know And Must Communicate To The Public Introduction

In the digital age, access to information has become easier than ever before. The ability to download From Silence To Voice What Nurses Know And Must Communicate To The Public has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download From Silence To Voice What Nurses Know And Must Communicate To The Public has opened up a world of possibilities. Downloading From Silence To Voice What Nurses Know And Must Communicate To The Public provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading From Silence To Voice What Nurses Know And Must Communicate To The Public has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download From Silence To Voice What Nurses Know And Must Communicate To The Public. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to

share their work with the world. However, it is essential to be cautious while downloading From Silence To Voice What Nurses Know And Must Communicate To The Public. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading From Silence To Voice What Nurses Know And Must Communicate To The Public, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download From Silence To Voice What Nurses Know And Must Communicate To The Public has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About From Silence To Voice What Nurses Know And Must Communicate To The Public Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
