Handbook of church history Hubert Jedin,1965 History of the Church: The imperial church from Constantine to the early Middle Ages Hubert Jedin,John Patrick Dolan, **The Liturgy of the Medieval Church** Thomas Heffernan,E Ann Matter,2005-04-01 This volume seeks to address the needs of teachers and advanced students who are preparing classes on the Middle Ages or who find themselves confounded in their studies by reference to the various liturgies that were fundamental to the lives of medieval peoples In a series of essays scholars of the liturgy examine The Shape of the Liturgical Year Particular Liturgies The Physical Setting of the Liturgy The Liturgy and Books and Liturgy and the Arts A concluding essay which originated in notes left behind by the late C Clifford Flanigan seeks to open the field to examine liturgy within the larger and more inclusive category of ritual The essays are intended to be introductory but to provide the basic facts and the essential bibliography for further study They approach particular problems assuming a knowledge of medieval Europe but little expertise in liturgical studies per se **Legitimation in the Letter to the Hebrews** Iutisone Salevao,2002-06-18 This book adopts an inter disciplinary approach to the study of the theology symbolism and argument of Hebrews Employing sociological models the book examines Hebrews in the context of the early Christians construction and maintenance of a social world In that respect the book elaborates the thesis that Hebrews was designed to serve a legitimating function in the realm of social interaction that its theology symbolism and argument were designed to construct and maintain the symbolic universe of the community of the readers It is argued that we cannot properly understand the theology symbolism and argument of Hebrews apart from its first century context **Encyclopedia of the Roman Empire** Matthew Bunson,2014-05-14 Not much has happened in the Roman Empire since 1994 that required the first edition to be updated but Bunson a prolific reference and history author has revised it incorporated new findings and thinking and changed the dating style to C E Common Era and B C E Before Common Era For the 500 years from Julius Caesar and the Gallic Wars in 59 51 B C E to the fall of the empire in the west in 476 C E he discusses personalities terms sites and events There is very little cross referencing Calendar and Community Sacha Stern,2001-10-04 Calendar and Community traces the development of the Jewish calendar from its origins until it reached in the tenth century CE its present form Drawing on a wide range of often neglected sources literary documentary epigraphic Jewish Graeco Roman and Christian it is the first comprehensive work to have been written on the subject It will be useful not only to historians and epigraphists for the interpretation of early Jewish datings but also as a historical study of early Judaism in its own right Its main theme is that the Jewish calendar evolved in

the course of this period from considerable diversity with a variety of solar and lunar calendars to unity with the normative rabbinic calendar The unification of the calendar was one element in the unification of Jewish identity in later antiquity and the early medieval world

The Canonical Visitation of Parishes Gregory N. Smith, 2007-06-25 The ordinary episcopal visitation of parishes treated in canons 396-398 of the 1983 Code of Canon Law is studied here from its origins to the present The dissertation's first chapter traces the historical development of this ancient canonical institute particularly with a view to showing its usefulness for Church reform The second examines the canons of the 1917 and 1983 codes and provides a detailed commentary on the latter A final chapter studies the visitation of parishes in Canada Three methods are used corresponding to the three chapters In the first chapter a primarily historical review draws on Scripture the Fathers' papal legislation the decrees of provincial and ecumenical councils particularly the Council of Trent and other sources The second chapter takes an exegetical approach interpreting the 1983 canons on the visitation in light of the former law the Second Vatican Council and contemporary papal and curial documents The visitation is related to the diocesan bishop's power of governance The third chapter presents the results of the author's survey of Canadian bishops carried out according to the methods of social science research Without arguing that the visitation is a panacea for all the Church's ills the author concludes that it is a highly effective way for bishops to address some present difficulties and avoid future ones

Short History of the Catholic Church J. Derek Holmes, Bernard Bickers, 2002-08-05 This revised edition of a one volume history of the Roman Catholic church includes a final chapter giving an impressionistic account of some of the issues facing the Church as it nears the third millennium of its existence It also covers the Christian history of the first two millennia from the origins of the Church in New Testament times through to the year 2000

Towards a Christian Theology of African Ancestors Thomas Ochieng Otanga, 2023-04-21 This book examines the similarities and relationship between Christian saints and African ancestors Further it analyzes the deep cultural roots of African peoples and the ancestral frame as a point of departure for developing an indigenous African theology Questions dealt with include Does the conversion of Africans to Christianity require a break with their African cultural heritage Who is an African ancestor Is syncretism a good thing for an African Christian What contribution can the African church make to the universal church The author argues that rather than being antithetical to formal Christianity an African Christian theology of ancestors is an example of how an indigenous African tradition can best express Christianity as well as make considerable impact on world Christianity

The Papacy: Revisiting the Debate Between Catholics and Orthodox Erick Ybarra, 2022-11-22 The Lord Jesus Christ intended his kingdom present on earth the Church of God to be one holy catholic and apostolic Prior to the Protestant Reformation in the sixteenth century history tells of the most egregious division in the Church between the Latin West and Byzantine East in AD 1054 and following How can it be that Catholics and

Orthodox share a thousand years of ecclesial life together in one faith sacramental order and hierarchical government only to have that bond of communion broken. Historians and theologians throughout the years have spilled much ink in recounting the causes and effects of this dreadful and heart wrenching division and among the many debates that exist between Catholics and Orthodox none are as vital to the task of reconciliation as the subject of the papacy. In *The Papacy: Revisiting the Debate between Catholics and Orthodox*, Erick Ybarra examines sources from the first millennium with a fresh look at how methodology and hermeneutics plays a role in the reading of the same texts. In addition he conducts a detailed investigation into the most significant points of history in order to show what was clearly accepted by both East and West in their years of ecclesiastical unity. In light of this clear evidence the reader of *The Papacy* is free to decide whether contemporary Catholicism or Eastern Orthodoxy has maintained the heritage of the first millennium on the understanding of the Papal office.
