From the Maccabees to the Mishnah Shaye J. D. Cohen, 2006-01-01 In this new edition of a best selling classic Shaye Cohen offers a thorough analysis of Judaism's development from the early years of the Roman Empire to the formative period of rabbinic Judaism Cohen's synthesis of religion literature and history offers deep insight into the nature of Judaism at this key period including the relationship between Jews and Gentiles the function of Jewish religion in the larger community and the development of normative Judaism and other Jewish sects In addition Cohen provides clear explanations concerning the formation of the biblical canon and the roots of rabbinic Judaism Now completely updated and revised this book remains the clearest introduction to the era that shaped Judaism and provided the context for early Christianity The Library of Early Christianity is a series of eight outstanding books exploring the Jewish and Greco Roman contexts in which the New Testament developed

The Books of the Maccabees: History, Theology, Ideology Géza Xeravits, József Zsengellér, 2007 The volume contains essays on various problems of the early Jewish works the Books of the Maccabees Authors include renowned international specialists in the literature and thinking of early Judaism

*"Let the Little Children Come to Me"* Cornelia B. Horn, John W. Martens, 2009 Providing a wealth of detail about childhood and family structure this book explores the hidden lives of children at the origins of Christianity Let the Little Children Come to Me pays careful attention to the impact of gender class and slave status on children's lives

The Conceptual Worlds of the Fourth Gospel Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over and over again through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity

*The Voice of Jesus in the Social Rhetoric of James* Wesley Hiram Wachob, 2000-01-13 This programmatic socio rhetorical investigation approaches the Epistle of James as an instance of written deliberative rhetoric and it seeks to ascertain the social texture of James 2:5 a rhetorical performance of language that in other contexts is explicitly attributed to Jesus Utilizing the conventions of Greco Roman rhetoric Dr Wachob successively probes the inner texture the intertexture the social and cultural texture and the ideological implications of the rhetoric in James 2:1-13 He analyses James' activation of antecedent texts in the LXX common conceptions and topics in the broader culture and also sayings in the Jesus tradition He concludes that James emanates from the same milieu as the pre Matthean Sermon on the Mount and shows James 2:5 to be an artful

performance of the principal beatitude in that early epitome of Jesus teachings *Experiencing Scripture in World Religions* Harold Coward, 2013-04-05 An inside view of how the scriptures of world religions illuminate the lives and experience of their devotees **Jewish Traditions in Early Christian Literature, Volume 3 Philo in Early Christian Literature** Douwe (David) Runia, 1993-01-01 It is a remarkable fact that the writings of Philo the Jew from Alexandria were preserved because they were taken up in the Christian tradition But the story of how this process of reception and appropriation took place has never been systematically research In this book the author first examines how Philo s works are related to the New Testament and the earliest Chritian writing and then how they were used by Greek and Latin church fathers up to 400 c e with special attention to the contributions of Clement Origen Didymus Eusebius Gregory of Nyssa Ambrose and Augustine Philo in Early Christian Literature is a valuable guide to the state of scholarly research on a subject that has thus far been investigated in a rather piecemeal fashion **Paul, Artemis, and the Jews in Ephesus** Rick Strelan, 1996 The series Beihefte zur Zeitschrift f r die neutestamentliche Wissenschaft BZNW is one of the oldest and most highly regarded international scholarly book series in the field of New Testament studies Since 1923 it has been a forum for seminal works focusing on Early Christianity and related fields The series is grounded in a historical critical approach and also explores new methodological approaches that advance our understanding of the New Testament and its world *Johannine Sectarianism in Perspective* Kåre Fuglseth, 2005 The investigation evaluates the nature of the Johannine community by using sociological research on new religious movements today and by comparing John with Philo and the Dead Sea Scrolls This novel procedure in Johannine research generates several alternative characteristics of John *Jesus and Identity* Markus Cromhout, 2010-02-25 New Testament scholarship lacks an overall interpretive framework in which to understand Judean identity This lack of interpretive framework is quite acute in scholarship on the historical Jesus where the issue of Judeanness Jewishness is moststrongly debated A socio cultural model of Judean ethnicity is developed being a synthesis of 1 Sanders notion of covenantal nomism 2 Berger and Luckmann s theories on the sociology of knowledge 3 Dunn s four pillars of Second Temple Judaism and his new perspective on Paul 4 cultural or social anthropology in the form of modern ethnicity theory and lastly 5 Duling s Socio Cultural Model of Ethnicity The proposed model is termed Covenantal Nomism It is a pictorial representation of the Judean symbolic universe which as an ethnic identity is proposed to be essentially primordialist The model is given appropriate content by investigating what would have been typical of first century Judean ethnic identity It is also argued that there existed a fundamental continuity between Judea and Galilee as Galileans were ethnic Judeans themselves and they lived on the ancestral land of Israel Attention is lastly focused on the matter of ethnic identity in Q The Q people were given an eschatological Judean identity based on their commitment to Jesus and the requirements of the kingdom of God *From Every People and Nation* J. Daniel Hays, 2016-02-10 With this careful nuanced exegetical volume in the New Studies in Biblical Theology J Daniel Hays provides a clear theological foundation for life in

contemporary multiracial cultures and challenges churches to pursue racial unity in Christ *Embracing the Spirit* Emilie Townes, 2015-03-31 This book continues the conversations begun in Emilie Townes's path breaking *A Troubling in My Soul* Womanist Perspectives on Evil and Suffering Once again Townes brings together essays by leading womanist theologians interweaving a concern for matters of race gender and class as these bear on the survival and well being of the African American community In *Embracing the Spirit* the emphasis is not on evil and suffering but on hope salvation and transformation for individuals and their communities Jacket *The Gospel of Matthew* Craig S. Keener, 2009-07-24 This commentary on Matthew offers a unique interpretive approach that focuses on the socio historical context of the Gospel and the nature of Matthew's exhortation to his first century Christian audience By merging a careful study of Matthew's Gospel in relation to the social context of the ancient Mediterranean world with a detailed look at what we know of first century Jewish Christian relations Craig Keener uncovers significant insights into the Gospel not found in any other Matthew commentary In addition Keener's commentary is a useful discipleship manual for the church His approach recaptures the full shock effect of Jesus teachings in their original context and allows Matthew to make his point with greater narrative artistry Keener also brings home the total impact of Matthew's message including its clear portrait of Jesus and its call for discipleship both to the Gospel's ancient readers and to believers today Thoroughly researched the book includes a 150 page bibliography of secondary sources and more than 150 pages of indexes [A Commentary on the Gospel of Matthew](#) Craig S. Puskas, 2022-09-13 Every speaker teacher or preacher has on some occasion encountered an audience that was unreceptive to what he or she had to say One response to such communication breakdowns given by both the Old Testament prophets and New Testament authors was to declare that the hearers have hardened their hearts to the message or that God has hardened them What is this hardness of heart phenomenon Who became hardened and why Was it a result of some deficiency in communication What were the consequences of such a disposition Is there any hope for a change of perspective

for those hardened In this concise and carefully argued volume Charles Puskas considers all the key texts relating to human obstinacy towards God in pursuit of answers to these questions **From the Maccabees to the Mishnah, Third Edition**

Shaye Cohen,2014-11-22 This is the third edition of Shaye J D Cohen s important and seminal work on the history and development of Judaism between 164 BCE to 300 CE Cohen s synthesis of religion literature and history offers deep insight into the nature of Judaism at this key period including the relationship between Jews and Gentiles the function of Jewish religion in the larger community and the development of normative Judaism and other Jewish sects Cohen offers students more than just history but an understanding of the social and cultural context of Judaism as it developed into the formative period of rabbinic Judaism This new edition includes a brand new chapter on the parting of ways between Jews and Christians in the second century CE *From the Maccabees to the Mishnah* remains the clearest introduction to the era that shaped Judaism and provided the context for early Christianity *Geography, Religion, Gods, and Saints in the Eastern Mediterranean* Erica Ferg,2020-01-16 *Geography Religion Gods and Saints in the Eastern Mediterranean* explores the influence of geography on religion and highlights a largely unknown story of religious history in the Eastern Mediterranean In the Levant agricultural communities of Jews Christians and Muslims jointly venerated and largely shared three important saints or holy figures Jewish Elijah Christian St George and Muslim al Khi r These figures share peculiar characteristics such as associations with rain greenness fertility and storms Only in the Eastern Mediterranean are Elijah St George and al Khi r shared between religious communities or characterized by these same agricultural attributes attributes that also were shared by regional religious figures from earlier time periods such as the ancient Near Eastern Storm god Baal Hadad and Levantine Zeus This book tells the story of how that came to be and suggests that the figures share specific characteristics over a very long period of time because these motifs were shaped by the geography of the region Ultimately this book suggests that regional geography has influenced regional religion that Judaism Christianity and Islam are not historically or textually speaking separate religious traditions even if Jews Christians and Muslims are members of distinct religious communities and that shared religious practices between members of these and other local religious communities are not unusual Instead shared practices arose out of a common geographical environment and an interconnected religious heritage and are a natural historical feature of religion in the Eastern Mediterranean This volume will be of interest to students of ancient Near Eastern religions Judaism Christianity Islam sainthood agricultural communities in the ancient Near East Middle Eastern religious and cultural history and the relationships between geography and religion *Interpreting the Synoptic Gospels (Guides to New Testament Exegesis)* Scot McKnight,1988-08-01 McKnight critiques various interpretive methods and suggests how students with some knowledge of Greek can benefit from different analyses **How Wide the Divide?** Craig L. Blomberg,Stephen E. Robinson,2009-09-20 Voted one of Christianity Today s 1998 Books of the Year Mormons and evangelicals don t often get along very well at least not once they begin to discuss their religious beliefs They often set about

trying to convert one another considering the faith the other holds as defective in some critical way Unfortunately much of what they say about one another simply isn't true False stereotypes abound on both sides preventing genuine and helpful communication Having discovered this sad state of affairs Craig Blomberg a committed evangelical scholar and Stephen Robinson a committed Mormon scholar set out to listen to one another and to ferret out the real agreements and disagreements between them In the conversation that develops you will read what each believes about key theological issues the nature and bounds of Scripture the nature of God and deification the person of Christ and the Trinity and the essentials of salvation and see how they interact with one another What they agree on may surprise you Though this book does not sweep differences under the rug it is meant to help Mormons and evangelicals know and tell the truth about one another It does not expect to end evangelistic efforts from either side In fact it may help to promote more effective communication because it can help to get rid of misrepresentations from both sides In the end however you will be able to judge for yourself just how wide the divide between them is
