Ahrensdorf, 2009-04-06 In this book Peter Ahrensdorf examines Sophocles powerful analysis of a central question of political philosophy and a perennial question of political life should citizens and leaders govern political society by the light of unaided human reason or religious faith Through an examination of Sophocles timeless masterpieces Oedipus the Tyrant Oedipus at Colonus and Antigone Ahrensdorf offers a sustained challenge to the prevailing view championed by Nietzsche in his attack on Socratic rationalism that Sophocles is an opponent of rationalism Ahrensdorf argues that Sophocles is a genuinely philosophical thinker and a rationalist albeit one who advocates a cautious political rationalism Ahrensdorf concludes with an incisive analysis of Nietzsche Socrates and Aristotle on tragedy and philosophy He argues against Nietzsche that the rationalism of Socrates and Aristotle incorporates a profound awareness of the tragic dimension of human existence and therefore resembles in fundamental ways the somber and humane rationalism of Sophocles *Catastrophe to Hope* Harvey W. E. B. Du Bois* Nick Bromell,2018-03-16 Literary scholars and historians have long considered W E B Du Bois 1868 1963 an extremely influential writer and a powerful cultural critic The author of more than one hundred books hundreds of published articles and founding editor of the NAACP journal The Crisis Du Bois has been widely studied for his profound insights on the politics of race and class in America An activist as well as a scholar Du Bois proclaimed I stand in utter shamelessness and

say that whatever art I have for writing has been used always for propaganda for gaining the right of black folk to love and enjoy In A Political Companion to W E B Du Bois Nick Bromell assembles essays from both new and established scholars from a variety of disciplines to explore Du Bois s contributions to American political thought The contributors establish a conceptual context within which to read the author revealing how richly and variously he engaged with the aesthetic and theological modalities of political thinking and action This volume further reveals how Du Bois s work challenges and revises contemporary political theory providing commentary on the author s strengths and limitations as a theorist for the twenty first century In doing so it helps readers gain an understanding of how Du Bois s work and life continue to stimulate lively and constructive debate about the theory and practice of democracy in America Preaching from Memory to Hope Thomas G. Long,2009-03-19 In this compelling and hard hitting book respected preacher and teacher Thomas Long identifies and responds to what he sees as the most substantive theological forces and challenges facing preaching today The issues he says are fourfold the decline in the quality of narrative preaching and the need for its reinvigoration the tendency of preachers to ignore God s action and presence in our midst the return of the church s old nemesis gnosticism albeit in a milder form evidenced in today s new spirituality and the absence of eschatology in the pulpit Long once again has his finger on the pulse of American preaching demonstrated by his creative responses to these challenges Whether he is calling for theologically smarter and more ethically discerning preaching providing a method of interpretation that will allow pastors to recover the emphasis on God in our midst or encouraging a kind of interfaith dialogue with gnosticism he demonstrates why he has long been considered one of the most thoughtful and intelligent preachers in America today **Journeys toward Narrative Preaching** Wayne Bradley Robinson,2007-02-21 This volume is the outcome of the work of six members of the Narrative and Imagination working group of the Academy of Homiletics We hope that this volume will encourage those who have not tried narrative preaching to do so especially since we present a variety of models of how to do narrative preaching and show how each of us moved toward the particular model we present We also hope that this volume will contribute to the development of the discipline of narrative preaching When done well narrative preaching has the power to effect the kind of transformation in people s lives which we all hope for when we as vehicles attempt to communicate the good news This is so in part because narrative preaching both reflects and impacts on the narrative quality of life as we live it We recognize ourselves in narratives and we can imagine ourselves changed through narrative in a way that does not often happen through other means of preaching from the Introduction Contributors Robert G Hughes Eugene L Lowry Wayne Bradley Robinson Lucy Rose Richard L Thulin Michael E Williams
