## **From Prejudice To Genocide Learning About The Holocaust:**

**From Prejudice to Genocide** Carrie Supple, 2007 This book has been fully revised and updated to take account of recent world events It traces the history of anti semitism and describes the experiences before and during the Holocaust of Jews Gypsies and other groups deemed by the Nazis to be unworthy of life By following the experiences of four individuals who endured the Holocaust Carrie Supple gives a face to the millions who perished The themes she explores collaboration indifference obedience dehumanization resistance and rescue make the book a valuable resource for educators and readers alike *From Prejudice to Genocide* Trentham books, 1992 *Danger! Educated Gypsy* Ian Hancock, 2010 This is a timely collection of Ian Hancock s selected writings His impact upon Romani Studies has been truly remarkable both in terms of his contributions to linguistics and Gypsy historiography and in his re assessment of Romani identity within the Western cultural fabric *Controversial Issues in Religious Education on Ethics, Values, and Beliefs* Olof Franck, Bodil Liljefors Persson, 2025-10-01 This book presents a broad and in depth research based source for exploring how teaching controversial issues on ethics values and beliefs can be conducted in Religious Education How may teachers conduct an objective and comprehensive education that respects children s and young people s divergent views based on traditions and beliefs that characterize their background and family discourse and or in personal standpoints The chapters explore the development of pedagogical and didactical approaches with special regard to the implementation of teaching on issues that may be experienced as sensitive and contentious The chapters represent a variety of disciplinary fields including philosophy science of religion ethics intercultural education values education worldview education and social sustainability The book may serve as course literature in Teacher education and in in service training for teachers Teaching Controversial Issues in the Classroom Paula Cowan, Henry Maitles, 2012-02-16 A thorough exploration of the issues in teaching controversial issues in classroom drawing on international case studies sharing teachers and pupils experiences **Conceptualizing Mass Violence** Navras J. Aafreedi, Priya Singh, 2021-05-13 Conceptualizing Mass Violence draws attention to the conspicuous inability to inhibit mass violence in myriads forms and considers the plausible reasons for doing so Focusing on a postcolonial perspective the volume seeks to popularize and institutionalize the study of mass violence in South Asia The essays explore and deliberate upon the varied aspects of mass violence namely revisionism reconstruction atrocities trauma memorialization and literature the need for Holocaust education and the criticality of dialogue and reconciliation The language content and characteristics of mass violence genocide explicitly reinforce its aggressive transmuting and multifaceted character and the consequent necessity to understand the same in a nuanced manner The book is an attempt to do so as it takes episodes of mass violence for case study from all inhabited continents from the twentieth century to the present The volume studies consciously enforced mass violence through an interdisciplinary approach and suggests that dialogue aimed at reconciliation is perhaps the singular agency via which a solution could be achieved from mass violence in the global context The volume is

essential reading for postgraduate students and scholars from the interdisciplinary fields of Holocaust and Genocide Studies History Political Science Sociology World History Human Rights and Global Studies      *The Origins of Genocide* Dominik J. Schaller, Jürgen Zimmerer, 2013-09-13 This year the United Nations celebrated the Convention on the Prevention and Punishment of the Crime of Genocide adopted in December 1948 It is time to recognize the man behind this landmark in international law At the beginning were a few words New conceptions require new terms By genocide we mean the destruction of a nation or of an ethnic group Rarely in history have paradigmatic changes in scholarship been brought about with such few words Putting the quintessential crime of modernity in only one sentence Raphael Lemkin 1900 1959 the Polish Jewish specialist in international law not only summarized the horrors of the National Socialist Crimes which were still underway when he coined the term genocide in 1944 but also influenced international law As the founding figure of the UN Genocide Convention Lemkin is finally getting the respect he deserves Less known is his contribution to historical scholarship on genocide Until his death Lemkin was working on a broad study on genocides in the history of humankind Unfortunately he did not manage to publish it The contributions in this book offer for the first time a critical assessment not only of his influence on international law but also on historical analysis of mass murders showing the close connection between both This book was published as a special issue of the Journal of Genocide Research      *Children's Exodus* Vera K. Fast, 2010-11-09 In the months leading up to the outbreak of World War Two Britain rushed to evacuate nearly 10 000 Jewish children from the Nazi occupied territories Through the unprecedented cooperation of religious and governmental organizations the Kindertransport spared thousands of Jewish children from the terror of the Third Reich and provided them with host families in Britain Children's Exodus offers an in depth look at the people and politics behind the various chains of rescue as well as the personal narratives of the children who left everything behind in the hope of finding safety Drawing on unpublished interviews journals and articles Vera K Fast examines the religious and political tensions that emerged throughout the migration and at times threatened to bring operations to a halt Children's Exodus captures the life affirming stories of child refugees with vivid detail and examines the motivations religious or otherwise of the people that orchestrated one of the greatest rescue missions of all time      **The Gypsies During the Second World War** Donald Kenrick, 2006 This is the third of three volumes based on the latest research into the racial theories which underlay the suffering of the gypsies in the Holocaust and their fate in the death camps in the occupied countries of Hitler's Europe      *The Routledge Handbook of Memory Activism* Yifat Gutman, Jenny Wüstenberg, 2023-02-15 This Handbook is the first systematic effort to map the fast growing phenomenon of memory activism and to delineate a new field of research that lies at the intersection of memory and social movement studies From Charlottesville to Cape Town from Santiago to Sydney we have recently witnessed protesters demanding that symbols of racist or colonial pasts be dismantled and that we talk about histories that have long been silenced But such events are only the most visible instances of grassroots efforts to influence the meaning of the past in the

present Made up of more than 80 chapters that encapsulate the rich diversity of scholarship and practice of memory activism by assembling different disciplinary traditions methodological approaches and empirical evidence from across the globe this Handbook establishes important questions and their theoretical implications arising from the social political and economic reality of memory activism Memory activism is multifaceted takes place in a variety of settings and has diverse outcomes but it is always crucial to understanding the constitution and transformation of our societies past and present This volume will serve as a guide and establish new analytic frameworks for scholars students policymakers journalists and activists alike

### **The Gypsies During the Second World War: The Gypsies during the Second World War** Karola Fings, 1997

Detonators Chad Millman, 2009-08-01 A gripping account of German spies a massive explosion in New York Harbor and the hunt for the conspirators The New York Times The attack in New York Harbor was so explosive that people as far away as Maryland felt the ground shake Windows were blown out at the New York Public Library the main building at Ellis Island was nearly destroyed the Statue of Liberty was damaged Chaos overtook Manhattan as the midnight sky turned to fire The year was 1916 And it had been shockingly easy As war raged in Europe Americans watched from afar unthreatened by the danger overseas Yet the US was riddled with networks of German spies The attack on the harbor was only a part of their plans secret anthrax facilities were located ten miles from the White House bombs were planted on ships hidden in buildings and mailed to civic and business leaders and an underground syndicate helped potential terrorists obtain fake IDs housing and money President Woodrow Wilson knew an attack of this magnitude was possible yet nothing was done to stop it Americans feeling buffered by miles of ocean and burgeoning prosperity had ignored the mounting threat That all changed on a warm evening in July when the island called Black Tom exploded setting alight a vast store of munitions destined for the front Three American lawyers made it their mission to solve the mystery Their hunt for justice would take them into the shadowy world of secret agents and double crosses through the halls of Washington and the capitals of Europe It would challenge their beliefs in right and wrong And they would discover a sinister plot so vast it could hardly have been imagined a conspiracy that stretched from downtown Manhattan to the very heart of Berlin A fascinating but little known episode in World War I history gripping reading Publishers Weekly starred review An intriguing bracing tale Kirkus Reviews starred review

**Debating Genocide** Lisa Pine, 2018-11-01 This book explores the subject of genocide through key debates and case studies It analyses the dynamics of genocide the processes and mechanisms of acts committed with the intention of destroying in whole or in part a national ethnic religious or racial group in order to shed light upon its origins characteristics and consequences Debating Genocide begins with an introduction to the concept of genocide It then examines the colonial genocides at the end of the 19th and start of the 20th centuries the Armenian Genocide of 1915 16 the Nazi Final Solution

the Nazi genocide of the Gypsies mass murder in Cambodia under the Khmer Rouge the genocides in the 1990s in the former Yugoslavia and Rwanda and the genocide in Sudan in the early 21st century It also includes a thematic chapter which covers gender and genocide as well as issues of memory and memorialisation Finally the book considers how genocides end as well as the questions of resolution and denial with Lisa Pine examining the debates around prediction and prevention and the R2P Responsibility to Protect initiative This book is crucial for any students wanting to understand why genocides have occurred why they still occur and what the key historical discussions around this subject entail

**Colonialism and Genocide** Dirk Moses, Dan Stone, 2013-09-13 Previously published as a special issue of Patterns of Prejudice this is the first book to link colonialism and genocide in a systematic way in the context of world history It fills a significant gap in the current understanding on genocide and the Holocaust which sees them overwhelmingly as twentieth century phenomena This book publishes Lemkin's account of the genocide of the Aboriginal Tasmanians for the first time and chapters cover the exterminatory rhetoric of racist discourses before the scientific racism of the mid nineteenth century Charles Darwin's preoccupation with the extinction of peoples in the face of European colonialism a reconstruction of a virtually unknown case of subaltern genocide global perspective on the links between modernity and the Holocaust Social theorists and historians alike will find this a must read
