asserts that gave us our concepts of reason progress and an orderly world on which science and modernity are based Without its religious traditions the West has drifted into mass derangement where truth and lies right and wrong victim and aggressor are all turned upside down Scientists skeptical of global warming are hounded from their posts Israel is demonized and the US is vilified over the war on terror all on the basis of blatant falsehoods and obscene propaganda Worst of all asserts Phillips this abandonment of rationality leaves the West vulnerable to its legitimate threats Faced with the very real challenges of spiraling demographics and violent confrontational Islamism the West is no longer willing or able to defend the modernity and rationalism that it once brought into being
