Yadon, Robert Barr Smith, 2013-01-29 In the Old West upright lawmen were scarce Often the men who were bound to keep the peace were just as corrupt as the men they pursued These dishonest deputies chose their professions based on convenience rather than conviction and the most revered were often the wildest These men held grudges ruled with violence and instilled fear in all who crossed their paths Offered here is an untainted perspective of these outlaws that discerns fact from myth Legends such as Wyatt Earp and renegade lawman Dirty Dave Rudabaugh are presented as real men with quirks and weaknesses The authors deconstruct not only the Dalton's last stand in Coffeyville Kansas and the gunfight at the OK Corral among other famous heists but also the triumphs and flaws of their organizers The Old West's former outlaws turned good former lawmen gone bad and honorable citizens who moonlighted as robbers and rustlers are presented in these pages ABOUT THE AUTHORS Laurence J Yadon is an attorney mediator and arbitrator who presents on various legal subjects Oklahoma history and crime history He has assisted the Department of Justice in litigation matters before his local United States district court and has successfully argued before the United States Supreme Court He is the co author of Pelican's 100 Oklahoma Outlaws Gangsters and Lawmen 1839 1939 200 Texas Outlaws and Lawmen 1835 1935 Ten Deadly Texans Old West Swindlers and Arizona Gunfighters Yadon resides in Tulsa Oklahoma Robert Barr Smith is a History Channel commentator and the author of more than thirty articles and five books on the American Old West He has edited several titles including Pelican's 100 Oklahoma Outlaws Gangsters and Lawmen 1839 1939 200 Texas Outlaws and Lawmen 1835 1935 Ten Deadly Texans and Arizona Gunfighters and he co authored Old West Swindlers also published by Pelican A retired colonel Smith served more than twenty years in the Judge Advocate General's Corps and earned the Bronze Star and the Legion of Merit while serving in the United States Army He is a former deputy attorney general of California and a retired professor of the University of Oklahoma College of Law He lives in Norman Oklahoma Dirty Dave Rudabaugh Hoodoo Brown and Company Henry Newtown Brown John Larn Bob and Grat Dalton Wyatt Earp King Fisher Ben Thompson Henry Plummer Joseph Alfred Slade Doc Middleton Frank M Canton      *Alias Frank Canton* Robert K. WPA *Guide to Oklahoma* Federal Writers' Project, 2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state's unique flavor The WPA Guide to Oklahoma is filled with descriptions of Native American life in the region accompanied by many photographs From Black Mesa to Cavanal Hill this guide to the Sooner State takes the reader on a journey across the state's vast and varied landscape Also notable in this guide is an essay by prominent historian Edward Everett Dale entitled *The Spirit of Oklahoma* **Oklahoma, a Guide to the Sooner State** Best Books on, 1941 *Oklahoma* Oklahoma, 1976 **Burs Under the Saddle** Ramon Frederick Adams, 1989 This immense book by a noted bibliographer of the West is beyond question the fairest most complete and most learned evaluation of printed references to western outlaws to appear until now It will stand for many years solid as a rock amid the flooding maelstrom of western myth and legend pointing up the truth about those men of the past who lived by their wits and their guns It will be impossible for anyone studying that era and such men to do so without reference to this volume Los Angeles Times Adams turns again to the books and histories of the western gunmen and outlaws and critically examines 425 titles most of which rate as burs under his saddle Ramon Adams' plea is that the writers must stop compounding each other's errors into legend In this book with great skill and without malice he has pointed out past mistakes His book should be in the essential baggage of every writer on western outlaws and on every library shelf American West The value of this book to writers and historians of the badman tradition cannot be overestimated for Adams has replaced rumors myths and falsehoods with documented historical facts It is a book for all conscientious students of and writers on the American West henceforth any writer of authentic Western history who refuses to check with Adams should be as the judge said to Billy the Kid in one legend hanged by the neck until dead dead dead Southwest Review *Guide to Life and Literature of the Southwest, with a Few Observations* J. Frank Dobie, 2022-09-15 This guide book is a bibliography of books about the American West by various authors compiled by the literary critic J. Frank Dobie The list is subdivided along themes associated with the different aspects of life in the West such as Native American culture Spanish influences French influences Texas Rangers Missionaries Women pioneers and Mountain men culture among others Each aspect is preceded by a brief discussion of the topic before the list of books themed on the subject *Murder in Tombstone* Steven Lubet, 2004-09-10 This account of the court case that followed the gunfight at the OK Corral will interest Wild West buffs as well as readers interested in legal history Publishers Weekly The gunfight at the OK Corral lasted less than a minute yet it

became the basis for countless stories about the Wild West At the time of the event however Wyatt Earp was not universally acclaimed as a hero Among the people who knew him best in Tombstone Arizona many considered him a renegade and murderer This book tells the nearly unknown story of the prosecution of Wyatt Earp his brothers and Doc Holiday following the famous gunfight To the prosecutors the Earps and Holiday were wanton killers According to the defense the Earps were steadfast heroes willing to risk their lives on the mean streets of Tombstone for the sake of order The case against the Earps with its dueling narratives of brutality and justification played out themes of betrayal revenge and even adultery Attorney Thomas Fitch one of the era s finest advocates ultimately managed against considerable odds to save Earp from the gallows But the case could easily have ended in a conviction and Wyatt Earp would have been hanged or imprisoned instead of celebrated as an American icon This trial has everything a family feud famous outlaws and lawmen politics sex and the most famous shootout in frontier history Lubet s accessible and highly original book will set a standard for scholarship in a field laden with folklore Allen Barra author of *Inventing Wyatt Earp* *Crime, Justice and Retribution in the American West, 1850-1900* Jeremy Agnew,2017-04-11 Western movies are full of images of swaggering outlaws brought to justice by valiant lawmen shooting them down in daring gunfights before riding off into the sunset In reality it would not have happened that way Real lawmen did not simply walk away from a gunfight they had to face the legal system and justify shooting a civilian in the line of duty Providing a more realistic view of criminal justice in the Old West this history focuses on how criminals came into conflict with the law and how the law responded The process is described in detail from the common crimes of the day such as train robbery and cattle theft to the methods of apprehending criminals to their adjudication and punishment by incarceration flogging or hanging [Encyclopedia of Western Gunfighters](#) Bill O'Neal,1979 Sifting factual information from among the lies legends and tall tales the lives and battles of gunfighters on both sides of the law are presented in a who s who of the violent West [Gunsmoke and Saddle Leather](#) Charles G. Worman,2005-12-15 The many roles played by guns in the old West with personal accounts by many early settlers and hundreds of photos [Law in the West](#) Gordon Morris Bakken,Brenda Farrington,2001 This anthology examines Love s Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource

**Western Water Rights and the U.S. Supreme Court** James H. Davenport,2020-10-16 Exploring the little known history behind the legal doctrine of prior appropriation first in time is first in right used to apportion water resources in the western United States this book focuses on the important case of *Wyoming v Colorado* 1922 U S Supreme Court Associate Justice Willis Van Devanter a former Chief Justice of Wyoming ruled in that state s favor finding that prior appropriation

applied across state lines a controversial opinion influenced by cronyism The dicta in the case that the U S Government has no interest in state water allocation law drove the balkanization of interstate water systems and resulted in the Colorado River Interstate Compact between Wyoming Colorado Utah New Mexico Arizona Nevada and California The exhaustive research that has gone into this book has uncovered the secret that Associate Justice Van Devanter had waited eleven years to publish his opinion in this important but politically self serving case at last finding a moment when his senior colleagues were sufficiently absent or incapacitated to either concur or dissent Without the knowledge of his brethren save his loyal friend Taft and without recusal Van Devanter unilaterally delivered his sole opinion to the Clerk for publication on the last day of the Supreme Court s October 1921 Term

**Violence in the West** Marilynn S. Johnson, 2014-06-05 Generations of Americans have developed an image of violence in the Wild West through books and films But what conditions really resulted in violence on the American frontier between the 1880s and 1910s How frequently did violence occur and what forms did it take Johnson explores these questions through the lens of the mining and range wars that plagued the region during this period The author opens with an introductory essay that situates violence within social political and economic circumstances of the time considering smaller cases of interpersonal violence and larger conflicts Documents are then presented to illuminate two case studies of collective violence the Johnson County range war in northern Wyoming and the 1913 1914 coal strike in southern Colorado resulting in the Ludlow Massacre The closing epilogue examines the role both incidents played in shaping the collective memory and cultural history of the American West The book s format provides readers with both a general understanding of the history of western violence and the context of specific historical cases that allow for more in depth study and comparison

**The Guns of John Moses Browning** Nathan Gorenstein, 2022-05-17 A well researched and very readable new biography The Wall Street Journal of the Thomas Edison of guns a visionary inventor who designed the modern handgun and whose awe inspiring array of firearms helped ensure victory in numerous American wars and holds a crucial place in world history Few people are aware that John Moses Browning a tall humble cerebral man born in 1855 and raised as a Mormon in the American West was the mind behind many of the world changing firearms that dominated more than a century of conflict He invented the design used in virtually all modern pistols created the most popular hunting rifles and shotguns and conceived the machine guns that proved decisive not just in World Wars I and II but nearly every major military action since Yet few in America knew his name until he was into his sixties Now author Nathan Gorenstein brings firearms inventor John Moses Browning to vivid life in this riveting and revealing biography Embodying the tradition of self made self educated geniuses like Lincoln and Edison Browning was able to think in three dimensions he never used blueprints and his gifted mind produced everything from the famous Winchester 30 30 hunting rifle to the awesomely effective machine guns used by every American aircraft and infantry unit in World War II The British credited Browning s guns with helping to win the Battle of Britain His inventions illustrate both the good and bad of weapons Sweeping lively and

brilliantly told this fascinating book that gun collectors and historians of armaments will cherish Kirkus Reviews introduces a little known legend whose impact on history ranks with that of the Wright Brothers Thomas Edison and Henry Ford

**Major Wolcott's List** William N. Hockett, 2024-04-14 The Johnson County War took place in Wyoming in April 1892 At that time a group of powerful Wyoming cattlemen created a hit list of seventy men small ranchers cowboys and others they considered a hindrance to large scale ranching interests They planned an invasion of the county intending to search out and kill the men on the list But when they arrived the locals fought back Major Wolcott s List does not explore the conflict itself instead it provides in depth information on the firearms that participants used the first book to provide such detail for the guns used in an actual Old West gunfight Author William N Hockett lists the firearms surrendered at the end of the Johnson County Cattle War by name and by make and model including calibers serial numbers and other important details Hockett also offers an analysis of the firearms used including as much information as possible about the weapons and their cartridges Intended for historians collections and aficionados of Wyoming history this study presents a thorough guide to firearms of the late nineteenth century American West
