The Effects of the Nation Carl Good, John V. Waldron, 2009 What is the effect of a nation In this age of globalization is it dead dying or only dormant The essays in this groundbreaking volume use the arts in Mexico to move beyond the national and the global to look at the activity of a community continually re creating itself within and beyond its own borders Mexico is a particularly apt focus partly because of the vitality of its culture partly because of its changing political identity and partly because of the impact of borders and borderlessness on its national character The ten essays collected here look at a wide range of aesthetic productions especially literature and the visual arts that give context to how art and society interact Steering a careful course between the nostalgia of nationalism and the insensitivity of globalism these essays examine modernism and postmodernism in the Mexican setting Individually they explore the incorporation of historical icons of vanguardism and of international influence From Diego Rivera to Elena Garro from the Tlateloco massacre to the Chiapas rebellion from mass market fiction to the film *Aliens* the contributors view the many sides of Mexican life as relevant to the creation of a constantly shifting national culture Taken together the essays look both backward and forward at the evolving effect of the Mexican nation

L'Amérique du Nord Collectif, 2019-12-18T00:00:00-05:00 L objectif principal du livre

L'Amérique du Nord une histoire des identités et des solidarités est d'explorer l'histoire transnationale des trois partenaires nord-américains au cours des XIX^e, XX^e et XXI^e siècles. Les réflexions proposées dans cet ouvrage permettent de voir que si l'intégration s'avère fragile sur certains terrains elle laisse entrevoir gagement des liens nord-américains beaucoup plus durables ainsi que des contacts plutôt surprenants entre les deux voisins périphériques de l'Amérique du Nord. De la définition du territoire aux mouvements de solidarité des migrations touristiques et culturelles au défi posé par des concurrents commerciaux ce livre retrace notre compréhension du processus d'intégration de l'Amérique du Nord.
