From The Golden Age Of Automata The Private Collection Of Christian Bailly:

From the Golden Age of Automata Florence Theriault, 2004-04-01 By Florence Theriault An extraordinary new book features 150 exceptional automata from the private collection of the noted Parisian connoisseur Numerous color photographs and perspectives are offered of each work along with a DVD exhibiting actual automata in movement and commentary by Christian Bailly

Victorian Automata Suzy Anger, Thomas Vranken, 2024-03-20 The relationship between lifelike machines and mechanistic human behaviour provoked both fascination and anxiety in Victorian culture This collection is the first to examine the widespread cultural interest in automata both human and mechanical in the nineteenth century It was in the Victorian period that industrialization first met information technology and that theories of physical and mental human automatism became essential to both scientific and popular understandings of thought and action Bringing together essays by a multidisciplinary group of leading scholars this volume explores what it means to be human in a scientific and industrial age It also considers how Victorian inquiry and practices continue to shape current thought on race creativity mind and agency This title is part of the Flip it Open programme and may also be available Open Access Check our website Cambridge Core for details

Antiques, 2004

Automata Christian Bailly, 2003 Now reissued having been unobtainable for many years this spectacular book the first to be devoted entirely to the period of the automaton s apogee is an essential addition to the library of the collector the specialist and all who are interested in automata An introductory chapter depicts the Paris in which automaton makers lived and worked its atmosphere preoccupations and amusements There follow the little known histories of the seven leading makers from their foundation in the mid century to the decline of production after the First World War This information is the result of the author s pioneering researches into commercial archives the contemporary press and personal documents of automaton makers descendants Here for the first time names dates and chronologies are accurately established to give a reference framework of inestimable value In the automaton happy product of the exuberant creativity of the artist and the exquisite craftsmanship of the artisan sculpture painting music costume and mechanics all play a part The automata of nineteenth century France embody their age in a wonderfully immediate fashion alive in homely figures such as the rosy cheeked nanny walking the baby or the pretty seamstress at pains over her work in ingenious larger than life creations lustily acrobatic clowns mystifying conjurors melancholy Pierrots Mephistopheles himself and still other pieces express the era of great international exhibitions and colonial conquests and its fascination with the exotic Over 150 automata are illustrated in colour photographs and a substantial selection of pages from catalogues of the period in facsimile show many further pieces in monochrome
