From The Grassroots:

Building Democracy from the Grassroots Organization of American States. General Secretariat, 2002 *From the Grassroots to the Supreme Court* Peter F. Lau, 2004-12-07 Combines legal and historical analysis to address the implications of Brown v Board of Education showing that the resolution of racial segregation in schools transformed the lives of ordinary citizens in broader ways than has previously been assumed

Peace Education from the Grassroots Ian Harris, 2013-09-01 Historians often ignore the day to day struggles of ordinary people to improve their lives They tend to focus on the accomplishments of illustrious leaders Peace Education from the Grassroots tells the stories of concerned citizens teachers and grassroots peace activists who have struggled to counteract high levels of violence by teaching about the sources for violence and strategies for peace The stories told here come from the grass roots meaning the educators are close to the forms of violence they are addressing This collection of essays tells how citizens at the grassroots level developed peace education initiatives in thirteen different nations Belgium Canada El Salvador Germany India Jamaica Japan Mexico the Philippines South Korea Spain Uganda and the United States A fourteenth article describes the efforts of the International Red Cross to implement a human rights curriculum to teachers on the ground in the Balkans Iran Senegal and the United States These chapters describe a variety of schools colleges peace movement organizations community based organizations and international nongovernmental organizations engaged in peace education

Rebuilding the Democratic Party from the Grassroots Shawn M. O'Donnell, Drucilla Badurina, 2005 Following the presidential election of 2004 many believed the Democratic Party had reached the lowest point in its history Rebuilding the Democratic Party from the Grassroots offers a definitive blueprint for reversing that course and returning the Democratic Party to its roots and its core values Authors Drucilla Badurina and Shawn O'Donnell seek to restore the Democratic Party to the party for the average American and the traditional party for a new century With its candid flowing style Rebuilding the Democratic Party from the Grassroots explains how John Kerry the last Democratic presidential candidate lost the national election It also illustrates campaign realities with in depth examples of what actually happened proposes solutions for bottom up election reform and offers a specific plan to reinvent and reinvigorate the Democratic Party Rebuilding the Democratic Party from the Grassroots is the ultimate guidebook for taking the Democratic Party back to its future back to its values and back to the people The Democratic Party needs a vibrant forward thinking long term presence in every single state and we must be willing to contest every race at every level We will only win when we show up and fight for the issues important to all of us Governor Howard Dean M D Announcement for Democratic National Committee Chair

Corruption at the Grassroots N. Narayanasamy,2000 Papers presented at the National Workshop on Corruption at the Grassroots held at Chennai on Dec 3 1998 *Reversed Realities* Naila Kabeer,1994-07-17 A dynamic reassessment of development theory with a focus on gender this book examines alternative frameworks for analyzing gender hierarchies identifies the household as the primary site for the construction of power relations assesses the inadequacy of the poverty line as a measuring tool and provides a critical overview of population control **Grassroots Unity in the Charismatic Renewal** Connie Ho Yan Au,2011-02-23 This book explores the nature of grassroots unity in the British charismatic renewal in the 1970s and its significance to ecumenism The study is based on the five international conferences of the Fountain Trust and focuses on two grassroots activities worship in general and the celebration of the Eucharist in particular Worship in this setting nurtured unity through charisms but the Eucharist exposed the inadequacy of this grassroots unity because of doctrinal and ecclesiological differences This book aims to suggest a way forward by searching for the complementarity of institution and charisms and Christology and Pneumatology in a charismatic context It argues that the two emphases of the charismatic renewal charisms and the Holy Spirit complement the institutional commitments of the church and ecumenism The concepts of Christus praesens and Spiriti praesens are considered intrinsic to the charisms and thus Christology and Pneumatology should both be considered significant for ecumenism The study finally discusses the complementarity of ecumenical institutions and the charismatic renewal the convergence of ecumenical streams and continuity in modern ecumenical history **The Mobilization of Response Structures from the Grassroots Towards Health Services** International Secretariat for Volunteer Service,1974 *Grassroots Development* ,1992 **Local Politics: A Practical Guide to Governing at the Grassroots** Terry Christensen,Tom Hogen-Esch,2014-12-18 Unlike most competing texts that are densely written and heavily theoretical with little flavor of political life this book is a readable jargon free introduction to real life local politics for today s students While it encompasses local government and politics in cities and towns across America Local Politics A Practical Guide to Governing at the Grassroots gives special attention to the politics of suburbia where many students live and encourages them to become engaged in their own communities The book is also distinguished

by its strong emphasis on nuts and bolts practical politics It provides focused discussion of institutions roles and personalities as well as the dynamic environment of local politics demographics immigration globalization etc and major policy issues budgets land use transportation education etc Other texts treat communities as abstractions and readers as passive observers Local Politics A Practical Guide to Governing at the Grassroots is designed to inspire civic engagement as well as understanding It features In Your Community research projects for students in every chapter along with informative tables clear charts essential terms and guides to useful websites

Electoral Justice and Political Culture Dai

zhicheng,2021-12-15 The election process reflects the essence of the electoral system The justice of the electoral process can best reflect whether the electoral system is legitimate and democratic The democratic and legal shortcomings of China s electoral system can be solved by rationalizing and democratizing the electoral process which is consistent with the realization of justice under the electoral process In this book procedural justice is combined with the electoral process to find the conditions and elements needed to achieve more justice in elections The electoral system is still based on the political will of the political party to rule and the electoral system itself has serious legislative problems which shows that the foundation of China s electoral system has problems Then China s electoral system cannot truly represent the political voices and political interests of the people in the implementation and at the same time cannot reflect the fairness of the election in the electoral procedure and the determination of the election results The People s Congress system and the Political Consultation system simply cannot elect the right representatives who truly represent the interests of the people The elected government and state power organs are separated from the people s political status political interests and development interests in the operation of their duties and the exercise of power By analyzing the problems in China s electoral system and election procedures the book concludes the conditions for the realization of more justice rationalization and democratization of China s electoral system and election procedures through procedural justice The spiritual connotation of procedural justice under the electoral system and election procedures are combined with the traditional Chinese democratic political culture to construct an electoral political culture adapted to the contemporary Chinese political environment advancing the development of procedural justice in China s electoral system to realize the rationality legitimacy and democracy of elections
