HEARINGS BEFORE THE SPECIAL COMMITTEE VICTOR L. BERGER,1919 Writing in Pain V.

Ramazani,2007-09-03 This book argues that while pain is an irreducible neuro physiological phenomenon how pain is experienced is powerfully inflected by language and culture Using Second Empire France after Napoleon III s seizure of power as a particularly revealing time of re acculturation it elaborates on the culture of denial **Victor L. Berger**

Hearings Before the Special Committee Appointed Under the Authority of House Resolution No. 6 Concerning the Right of Victor L. Berger to be Sworn in as a Mamber of the Sixty-sixth Congress United States. Congress. House.

Special Committee on Victor L. Berger Investigation,1919 Contested Election Case of Carney V. Berger United States.

Congress. House. Committee on elections no. 1. [from old catalog],1919 Becomings Johanna Kirk,2024-06-04 This book explores postmodern choreographic engagements of pregnant bodies in the US over the last 70 years Johanna Kirk discusses how choreographers negotiate identification with the look of their pregnant bodies to maintain a sense of integrity as artists

and to control representations of their gender and physical abilities while pregnant Across chapters the artists discussed include Anna Halprin Trisha Brown Twyla Tharp Sandy Jamrog Jane Comfort Jody Oberfelder Jawole Willa Jo Zollar Miguel Gutierrez Yanira Castro No mie LaFrance and Meg Foley By presenting their bodies in performance these artists demonstrate how their experiences surrounding pregnancy intersect not only with their artform and its history but also with their personal experiences of race gender and sexual identification In these pages Johanna Kirk argues that choreography offers them tools that are alternative to medicine or other forms of social representation for understanding what how pregnant bodies do and feel and what they can mean for individuals and their communities The works within these chapters invite readers to see dancing bodies and pregnant bodies in new ways and for their potential to manifest new possibilities This study will be of great interest to students and scholars exploring dance theatre and performance race and gender

After 69 CE - Writing Civil War in Flavian Rome Lauren Donovan Ginsberg, Darcy Anne Krasne, 2018-12-17 The fall of Nero and the civil wars of 69 CE ushered in an era scarred by the recent conflicts Flavian literature also inherited a rich tradition of narrating nefas from its predecessors who had confronted and commemorated the traumas of Pharsalus and Actium Despite the present surge of scholarly interest in both Flavian literary studies and Roman civil war literature however the Flavian contribution to Rome's literature of bellum civile remains understudied This volume

shines a spotlight on these neglected voices In the wake of 69 CE writing civil war became an inescapable project for Flavian Rome from Statius's *fraternas acies* and Silius's suicidal Saguntines to the internecine narratives detailed in Josephus's *Bellum Iudaicum* and woven into Frontinus's *exempla* Flavian authors' preoccupation with civil war transcends genre and subject matter This book provides an important new chapter in the study of Roman civil war literature by investigating the multi-faceted Flavian response to this persistent and prominent theme

The Battlefield of Life Michael Adekome Wadele, 2015-03-28 I am a living proof of the battlefield of life I am a living proof that life in itself is a battlefield A battle that begins right from the moment of our conception in the womb Right from the womb I already suffered five defeats in the battlefield of my life By the time I was born on the 25th of June 1970 I was born defeated with blurred speech blurred eyes blurred ears blurred hands and deformed feet These five womb operations were perfected in such a way that I looked completely normal to those living by sight By doing this the devil was perfecting his main goal of deceiving mankind to believe he does not exist while still achieving his three cardinal goals of stealing killing and destroying He knew if I was completely dumb blind deaf cripple or lame my parents would have gone into spiritual consultations and would have discovered his handiwork Even though they might not have been able to reverse it he feared that might have led them into believing in the existence of Satan and hence their salvation in Christ Most of us are like my parents we first need to see Satan before we can see Christ We only try Jesus when every other thing has failed us When our problems have defied all solutions that is when we seek the face of Christ Satan now knows this And he has now found a remedy to this problem Guess what his remedy is Satanic womb operation of course In my own case he made sure I was born absolutely normal in every way but hid all his womb operation on the inside of me It was only I and I satanic womb operation experience while my ignorant parents continue to celebrate the birth of their first born son This book is about all my defeats in the battlefield of life and how I eventually traded these defeats for victories by adopting God's own winning strategies You also need these strategies to win and you will get them all in this book It is a 12 volume series designed and written to give you all the winning strategies in the battlefield of life

post holocaust postmodern existence In addition it examines the representation of visible spaces in the texts in terms of their attribution with womb like qualities The framing of the study historically within the postwar era begins with a discussion of Eero Saarinen s Womb Chair in the context of the Cold War s need for safety in light of the threat of nuclear destruction and ranges over films such as Marguerite Duras and Alan Resnais film Hiroshima mon amour and Duras novel The Vice Consul exploring the ways that such cultural texts fantasize the womb as a response to trauma defined as the compulsive need to return to the site of loss a place envisioned as both a secure space and a prison The womb fantasy is linked to the desire to recreate an identity that is new and original but ahistorical

Racial Segregation and Eugenic Science Between the Wars Michael L. Blakey, 2025-07-18 This volume examines the rise and decline of racial science and its relationship to the political and social imposition of Jim Crow in the American South a racialized code of laws grounded upon an inherently racist and prejudicial pseudoscience The author argues here that the study of human beings within the emerging 18th and 19th century institutions of Western science was corrupted by the limited social intuitions of its enslaving colonizing and elitist members Western science and White societies plowed forward in continued ideological adherence to a biodeterministic imagination to justify slavery then Jim Crow racial segregation immigration restriction and other deadly and exploitative eugenical solutions of Social Darwinist thought The story is further complexified by the countervailing theories and voices of Black and Jewish intellectuals in the social and biocultural sciences in the 19th and 20th centuries such as Frederick Douglass W E B Du Bois and Montague Cobb These had profound consequences not only for the social sciences but also for the cultural life of Black Americans in the aftermath and afterlife of slavery At the same time even here the author discloses that the racialized dimensions of social science could not be fully exorcised as social science continued to construct soft line racism in that it selectively primitivized darker people and omitted White racism and colonialism from their human story African American social scientists and historians brought White racism and Black modernity to the fore Eugenics had begun to paint marginal
