

# Philanthropy and Global South welfare - understanding policy transfer strategies

16 Feb 2024, 2-4pm

Social Policy - Departmental Research Seminar

**Roosa Lambin**  
Open University  
University of Oxford

Philanthropic donor agencies actively seek to promote Global South welfare through their programmatic work at the country level and policy influence on international agendas.

This presentation takes a closer look at the different policy transfer strategies occurring in the concomitant processes, drawing on the case of the Bill and Melinda Gates Foundation in the health sector.

## **From Philanthropy To Social Welfare:**

**From Philanthropy to Social Welfare** Philip Klein, 1968      **From Philanthropy to Social Welfare** Philip Klein, 1968

*From Charity to Social Work* Elizabeth N. Agnew, 2004 Mary E Richmond 1861-1928 was a contemporary of Jane Addams and an influential leader in the American charity organization movement. In this biography, the first in-depth study of Richmond's life and work, Elizabeth N. Agnew examines the contributions of this important, hitherto undervalued woman to the field of charity and to its development into professional social work. Orphaned at a young age and largely self-educated, Richmond initially entered charity work as a means of self-support but came to play a vital role in transforming philanthropy, previously seen as a voluntary expression of individual altruism, into a valid organized profession. Her career took her from charity organization leadership in Baltimore and Philadelphia to an executive position with the prestigious Russell Sage Foundation in New York City. Richmond's progressive civic philosophy of social work was largely informed by the social gospel movement. She strove to find practical applications of the teachings of Christianity in response to the social problems that accompanied rapid industrialization, urbanization, and poverty. At the same time, her tireless efforts and personal example as a woman created an appealing, if ambiguous, path for other professional women. A century later, her legacy continues to echo in social work and welfare reform.

**Philanthropic Foundations and Social Welfare** Sarah Förster, 2019-10-29 The existing welfare regime literature identifies differences in welfare state systems. Sarah Förster asks if we can learn something on the organizational level about the embedding of philanthropic foundations in the field of social welfare in different welfare state systems. This investigation is based on comparative insights from the three country cases of Germany, Sweden, and the UK/England. Guided by propositions from theoretical analysis of welfare regime literature, comparative explorative case studies based on interview data and secondary sources give insights into the field and the embedding of philanthropic social welfare foundations in the three different welfare state systems. Each type of foundation has different levels of independence from external constraints and is embedded to different degrees according to the propositions from welfare regime theory. These differences hold further implications for the investigation of foundations as a special organizational form.

**Byzantine Philanthropy and Social Welfare** Demetrios J. Constantelos, 1968      **Introduction to Philanthropic Social Work** Mr. Rohit Manglik, 2023-09-23 In this book, we will study about the subject of Introduction to Philanthropic Social Work, exploring its key themes, developments, and importance in the broader context of the discipline. The book offers foundational and in-depth understanding tailored to build academic insight and critical thought.      *Philanthropy and Social Welfare in Jamaica* Patrick E. **From Poor Law to Welfare State, 6th Edition** Walter I. Trattner, 2007-11-01 Over twenty-five years and through five editions, Walter I. Trattner's *From Poor Law to Welfare State* has served as the standard text on the history of welfare policy in the United States. The only comprehensive account of American social welfare history from the colonial era to the present.

the new sixth edition has been updated to include the latest developments in our society as well as trends in social welfare Trattner provides in depth examination of developments in child welfare public health and the evolution of social work as a profession showing how all these changes affected the treatment of the poor and needy in America He explores the impact of public policies on social workers and other helping professions all against the backdrop of social and intellectual trends in American history From Poor Law to Welfare State directly addresses racism and sexism and pays special attention to the worsening problems of child abuse neglect and homelessness Topics new to this sixth edition include A review of President Clinton s health care reform and its failure and his efforts to end welfare as we know it Recent developments in child welfare including an expanded section on the voluntary use of children s institutions by parents in the nineteenth century and the continued discrimination against black youth in the juvenile justice system An in depth discussion of Charles Murray and Richard Herrnstein s controversial book The Bell Curve which provided social conservatives new weapons in their war on the black poor and social welfare in general The latest information on AIDS and the reappearance of tuberculosis and their impact on public health policy A new Preface and Conclusion and substantially updated Bibliographies Written for students in social work and other human service professions From Poor Law to Welfare State A History of Social Welfare in America is also an essential resource for historians political scientists sociologists and policymakers With Us Always Donald T.

Critchlow, Charles H. Parker, 1998-04-02 Although welfare reform is currently the government s top priority most discussions about the public s responsibility to the poor neglect an informed historical perspective This important book provides a crucial examination of past attempts both in this country and abroad to balance the efforts of private charity and public welfare The prominent historians in this collection demonstrate how solutions to poverty are functions of culture religion and politics and how social provisions for the poor have evolved across the centuries *The Handbook of Social Welfare Management* Rino J.

Patti, 2000-05-11 A compendium of every aspect of social welfare management and the ultimate reference book this volume introduces the field of social welfare management examines the organizational background of social welfare discusses the various tasks and roles of the social welfare manager and considers specific fields of care such as mental health families and children and older people **ADVENTURES IN SOCIAL WELFARE** ALEXANDER JOHNSON, 1923 **Charity and Social**

**Welfare** Leen Van Molle, 2017-03-21 How churches in Northern Europe reinvented their role as providers of social relief Charity is a word that fits well in the history of religion and churches whereas the concept of social reform seems to belong more to the vocabulary of the modern welfare states Christian charity found itself during the long nineteenth century within the maelstrom of social turmoil In this context of social unrest although charity managed to confirm its relevance it was also subjected to fierce criticism as well as to substitute state run forms of social care and insurance The history of the welfare states remained all too blind to religion This fourth volume in the series Dynamics of Religious Reform unravels how the churches in Britain and Ireland Denmark Sweden and Norway Germany the Netherlands and Belgium shaped and adjusted

their understanding of poverty It reveals how they struggled with the social question and often also with the modern nation states to which they belonged Either in the periphery of public assistance or in a dynamic interplay with the state political parties and society at large the churches reinvented their tradition as providers of social relief Contributors Andreas Holzem Universit t T bingen D ire Keogh St Patrick s College Dublin City University Frances Knight The University of Nottingham Nina Koefoed Aarhus Universitet Katharina Kunter Germany Bernhard Schneider Universit t Trier Aud V T nnessen Universitetet Oslo Annelies van Heijst Tilburg University H D van Leeuwen and M H D van Leeuwen Universiteit Utrecht Leen Van Molle KU Leuven      Research Papers: Philanthropic fields of interest. pt. 1.
