**Life of a Poet** Ralph Freedman,1998 In this outstanding biography Ralph Freedman traces Rilke s extraordinary career by combining detailed accounts of salient episodes from the poet s restless life with an intimate reading of the verse and prose that refract them **From the Remains of Count C. W.** Rainer Maria Rilke,1952 Rainer Maria Rilke: The Years in Switzerland ,1964 **Rainer Maria Rilke: The Years in Switzerland** Jean Rudolf von Salis, **The Cambridge Companion to Rilke** Karen Leeder,Robert Vilain,2010-01-21 A collection of specially commissioned essays providing an overview of the life works and contexts of this important modernist poet **Rilke** Charlie Louth,2020-06-19 The life of Rilke s work is in its words and this book attends closely to the development of that life as it unfolds over Rilke s career What is a poem and how does it act upon us when we read This is a question of the greatest interest to Rilke who addresses it in several poems and for whom the experience of reading affords an interaction with the world a recalibration of our ways of attending to it which set it apart from other kinds of experience Rilke s work is often approached in periods he is the author of the Neue Gedichte or of Malte or of the Duino Elegies or of the Sonette an Orpheus as if the different phases of his work had little to do with one another but in fact it is a concentrated and evolving exploration of the possibilities of poetic language a working of the life of words into precise and exacting forms in dialogue with the texture of the world This book traces that trajectory in a series of close readings that do not neglect the lesser known uncollected poems and the poems in French as well as Rilke s activity as a translator of Michelangelo Shakespeare Barrett Browning Mallarm and Val ry among many others These encounters were part of Rilke s engagement with the world his way of extending the reach of his language to get it ever closer to the ungraspable movements the risk and promise of life itself One of his best known poems ends with the words You must change your life an injunction that can be seen to animate the whole of his work

*Imaginations of Death and the Beyond in India and Europe* Günter Blamberger,Sudhir Kakar,2018-03-27 This volume explores current images of afterlife afterdeath and the presence of the dead in the imaginations of the living in Indian and European traditions Specifically it focuses on the deepest and most fundamental uncertainty of human existence the awareness of human mortality on which depends any assignment of meaning to earthly existence as also to notions of worldly and otherworldly salvation This central idea is addressed in the literature arts audiovisual media and other cultural artefacts of the two traditions The chapters are based on two main assumptions First that one cannot report on the direct experience of death so it is only possible to speak allegorically of it Second in contemporary Western societies marked by structural atheism people look at literature the arts and mass media to study their depiction and reading of traditionally religious questions of disease death and the Beyond This is in contrast to Asian civilizations whose preoccupation with death and Beyond is persistent and perhaps central to the civilizations highest thought The chapters cover a wide spectrum of disciplinary approaches from psychoanalysis to religious anthropological literary and film studies from sociology and
