Reflection By Jamie Frazier In a small town live two people who never met but are perfect for each other If they would meet they would be happy together Margaret Crowley is a teenage girl who feels alone in life Her dream is to find a man who will love her so she'll never be alone again Joe Chandler is a man in love with a girl in his past His love and desire for her drives him to be great in life so one day he can have a great life and have her too However unknown to everyone in the town an ominous terror is lurking in the streets at night Now suddenly unsolved murders start to happen There will be reflections of love and reflections of horror *Reflection* W. Scott Causey, 2015-10-09 By the year 2126 CEO Carlton Ferguson and his immensely powerful corporation have already introduced the world to Reflection Technology a means to view any event that has happened in a previous forty eight hour window Effectively ridding the world of crime the technology is far too valuable for society to abandon but too dangerous for one person to control Still Carlton is determined that he and he alone should hold the key to this Pandora's box and finds himself in a battle to keep what is his Further he is secretly deep within the process of enhancing the technology to go far beyond a mere two day limit and does not intend to stop until he can witness the very beginning of time itself Governments covet the technology while world faiths fear it will unmask the very gods to whom they pray Though their goals may be mutually exclusive religious and political opponents conspire to force Carlton into revealing his secrets With few available options Carlton agrees to a tenuous partnership with the United States government but quickly learns that his innate reluctance to freely offer his trust is justified **Dancing in the Reflections** Patricia Mussolum, 2015-03-06 Dancing in the Reflections is an invitation to keep an expectant lookout for the unfathomable experiences with God in our daily lives for He is constantly romantically and passionately chasing us with His love **Self Reflection** Phillip A Crosby, 2024-04-04 A writer I grow My mind is open to new So words do now flow A poet I grow I am old so free to be Anything I know An artist I be My mind clearly formulates Apps paint the mind does see I am the new old

Blessed be mind s longevity It still burns white hot There came a point after turning 82 that I reflected on the question do people really know me Do I really understand thus know myself I decided to reflect understand and express who I am through whatever expressive vehicle that moves me At first in was only prose but I soon turned to poetry to flush out what I wanted to say One day while writing I noticed the fingerprints on my iPad screen Morning sunlight was streaming in the window and illuminating the fingerprints I was curious to see how apps designed to colorize old B W photos would handle these apparent B W fingerprints This kicked in my curiosity regarding what I could create using any and all digital image tools at my disposal My creativity was stimulated and after a year of creating have hundreds of digitally created images that please me I include a few early images in this book What impact do I hope this book creates At a minimum I hope when my family think of me they utilize this Self Reflection to stimulate or eventually introduce my essence to future generations I hope others that read my Self Reflection consider creating a similar glimpse into their essence to edify future generations
